Reactivity	: None known.
5.3. Advice for firefighters	
Firefighting instructions	: In case of fire: Evacuate area. Fight fire remotely due to the risk of explosion. Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire.
Protection during firefighting	: Standard protective clothing and equipment (e.g., Self Contained Breathing Apparatus) for fire fighters. Do not enter fire area without proper protective equipment, including respiratory protection.
<b>SECTION 6: Accidental release meas</b>	ures
6.1. Personal precautions, protective equ	ipment and emergency procedures
General measures	: Ensure adequate ventilation.
6.1.1. For non-emergency personnel	

# Protective equipment : Wear protective equipment consistent with the site emergency plan. Emergency procedures : Escape the danger area by the closest safe route. Close doors and windows of adjacent premises. Keep containers closed. Mark the danger area. Seal off low-lying areas. Keep upwind.
