

# Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Date of issue: 05/12/2015

Version: 2.0

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form : Mixture  
Product name : Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen  
Product code : HC-2003-03459

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Test gas/Calibration gas.

#### 1.3. Details of the supplier of the safety data sheet

Air Liquide  
2700 Post Oak Boulevard  
Houston, TX 77056 - USA  
T 1-800-819-1704  
[www.us.airliquide.com](http://www.us.airliquide.com)

#### 1.4. Emergency telephone number

Emergency number : CHEMTREC: 1-800-424-9300

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### Classification (GHS-US)

Compressed gas H280

Full text of H-phrases: see section 16

#### 2.2. Label elements

##### GHS-US labeling

Hazard pictograms (GHS-US) :

GHS04

Signal word (GHS-US) : Warning

Hazard statements (GHS-US) : H280 - Contains gas under pressure; may explode if heated  
OSHA-H01 - May displace oxygen and cause rapid suffocation  
CGA-HG03 - May increase respiration and heart rate

Precautionary statements (GHS-US) : P202 - Do not handle until all safety precautions have been read and understood  
P261 - Avoid breathing gas  
P271 - Use only outdoors or in a well-ventilated area  
P280 - Wear eye protection, face protection, protective gloves, protective clothing  
P304+P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing  
P308+P313 - If exposed or concerned: Get medical advice/attention  
P403 - Store in a well-ventilated place  
P501 - Dispose of contents/container in accordance with local/regional/national/international regulations  
CGA-PG02 - Protect from sunlight when ambient temperature exceeds 52°C (125°F)  
CGA-PG05 - Use a back flow preventive device in the piping  
CGA-PG06 - Close valve after each use and when empty  
CGA-PG10 - Use only with equipment rated for cylinder pressure  
CGA-PG14 - Approach suspected leak area with caution  
CGA-PG21 - Open valve slowly

#### 2.3. Other hazards

No additional information available

#### 2.4. Unknown acute toxicity (GHS US)

Not applicable

# Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### SECTION 3: Composition/information on ingredients

#### 3.1. Substance

Not applicable

#### 3.2. Mixture

| Name           | Product identifier | %                | Classification (GHS-US)                                      |
|----------------|--------------------|------------------|--------------------------------------------------------------|
| Carbon dioxide | (CAS No) 124-38-9  | 3 - 99.9998      | Liquefied gas, H280                                          |
| Nitrogen       | (CAS No) 7727-37-9 | 0.0001 - 96.9999 | Compressed gas, H280                                         |
| Acetone        | (CAS No) 67-64-1   | 0.0001 - 1       | Flam. Liq. 2, H225<br>Eye Irrit. 2A, H319<br>STOT SE 3, H336 |

Full text of H-phrases: see section 16

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

- First-aid measures after inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing. If you feel unwell, seek medical advice.
- First-aid measures after skin contact : Adverse effects not expected from this product.
- First-aid measures after eye contact : Adverse effects not expected from this product.
- First-aid measures after ingestion : Ingestion is not considered a potential route of exposure.

#### 4.2. Most important symptoms and effects, both acute and delayed

- Symptoms/injuries after inhalation : May displace oxygen and cause rapid suffocation. May increase respiration and heart rate.
- Symptoms/injuries after skin contact : Adverse effects not expected from this product.
- Symptoms/injuries after eye contact : Adverse effects not expected from this product.
- Symptoms/injuries after ingestion : Ingestion is not considered a potential route of exposure.
- Symptoms/injuries upon intravenous administration : Not known.
- Chronic symptoms : Adverse effects not expected from this product.

#### 4.3. Indication of any immediate medical attention and special treatment needed

If you feel unwell, seek medical advice. If breathing is difficult, give oxygen.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

- Suitable extinguishing media : Use extinguishing media appropriate for surrounding fire.
- Unsuitable extinguishing media : Do not use water jet to extinguish.

#### 5.2. Special hazards arising from the substance or mixture

- Fire hazard : The product is not flammable.
- Explosion hazard : Product is not explosive. Heat may build pressure, rupturing closed containers, spreading fire and increasing risk of burns and injuries.
- Reactivity : None known.

#### 5.3. Advice for firefighters

- Firefighting instructions : In case of fire: Evacuate area. Fight fire remotely due to the risk of explosion. Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire.
- Protection during firefighting : Standard protective clothing and equipment (e.g., Self Contained Breathing Apparatus) for fire fighters. Do not enter fire area without proper protective equipment, including respiratory protection.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

- General measures : Ensure adequate ventilation.

##### 6.1.1. For non-emergency personnel

- Protective equipment : Wear protective equipment consistent with the site emergency plan.
- Emergency procedures : Escape the danger area by the closest safe route. Close doors and windows of adjacent premises. Keep containers closed. Mark the danger area. Seal off low-lying areas. Keep upwind.

# Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 6.1.2. For emergency responders

- Protective equipment : Standard protective clothing and equipment (e.g., Self Contained Breathing Apparatus) for fire fighters. Equip cleanup crew with proper protection.
- Emergency procedures : Evacuate and limit access. Ventilate area.

### 6.2. Environmental precautions

Try to stop release if safe to do so.

### 6.3. Methods and material for containment and cleaning up

- For containment : Try to stop release if safe to do so.
- Methods for cleaning up : Dispose of this material and its container in accordance with local regulations.

### 6.4. Reference to other sections

See also Sections 8 and 13.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

- Additional hazards when processed : Pressurized container: Do not pierce or burn, even after use. Use equipment rated for cylinder pressure. Close valve after each use and when empty.
- Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Use only outdoors or in a well-ventilated area.
- Hygiene measures : Do not eat, drink or smoke when using this product.

### 7.2. Conditions for safe storage, including any incompatibilities

- Technical measures : Comply with applicable regulations.
- Storage conditions : Do not expose to temperatures exceeding 52°C (125°F). Keep container closed when not in use. Protect cylinder from physical damage. Store in well ventilated area.
- Incompatible products : None known.
- Incompatible materials : None known.

### 7.3. Specific end use(s)

See Section 1.2.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

| Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen |                        |            |
|------------------------------------------------------------------------------|------------------------|------------|
| ACGIH                                                                        | Not applicable         |            |
| OSHA                                                                         | Not applicable         |            |
| Acetone (67-64-1)                                                            |                        |            |
| ACGIH                                                                        | ACGIH TWA (ppm)        | 500 ppm    |
| ACGIH                                                                        | ACGIH STEL (ppm)       | 750 ppm    |
| OSHA                                                                         | OSHA PEL (TWA) (mg/m³) | 2400 mg/m³ |
| OSHA                                                                         | OSHA PEL (TWA) (ppm)   | 1000 ppm   |
| Carbon dioxide (124-38-9)                                                    |                        |            |
| ACGIH                                                                        | ACGIH TWA (ppm)        | 5000 ppm   |
| ACGIH                                                                        | ACGIH STEL (ppm)       | 30000 ppm  |
| OSHA                                                                         | OSHA PEL (TWA) (mg/m³) | 9000 mg/m³ |
| OSHA                                                                         | OSHA PEL (TWA) (ppm)   | 5000 ppm   |
| Nitrogen (7727-37-9)                                                         |                        |            |
| ACGIH                                                                        | Not applicable         |            |
| OSHA                                                                         | Not applicable         |            |

# Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 8.2. Exposure controls

|                                  |                                                                                                                                                                                                                                                                                                                         |
|----------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Appropriate engineering controls | : Ensure exposure is below occupational exposure limits. Provide adequate general and local exhaust ventilation. Systems under pressure should be regularly checked for leakages. Oxygen detectors should be used when asphyxiating gases may be released. Consider work permit system e.g. for maintenance activities. |
| Hand protection                  | : Wear working gloves when handling gas containers. 29 CFR 1910.138: Hand Protection.                                                                                                                                                                                                                                   |
| Eye protection                   | : Wear safety glasses with side shields. 29 CFR 1910.133: Eye and Face Protection.                                                                                                                                                                                                                                      |
| Skin and body protection         | : Wear suitable protective clothing, e.g. - lab coats, coveralls or flame resistant clothing.                                                                                                                                                                                                                           |
| Respiratory protection           | : None necessary during normal and routine operations. See Sections 5 & 6.                                                                                                                                                                                                                                              |
| Thermal hazard protection        | : None necessary during normal and routine operations.                                                                                                                                                                                                                                                                  |
| Environmental exposure controls  | : Refer to local regulations for restriction of emissions to the atmosphere. See section 13 for specific methods for waste gas treatment.                                                                                                                                                                               |
| Other information                | : Wear safety shoes while handling containers. 29 CFR 1910.136: Foot Protection.                                                                                                                                                                                                                                        |

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                             |                                    |
|---------------------------------------------|------------------------------------|
| Physical state                              | : Gas                              |
| Appearance                                  | : Clear, colorless gas.            |
| Color                                       | : Colorless                        |
| Odor                                        | : Fruity Pungent.                  |
| Odor threshold                              | : No data available                |
| pH                                          | : No data available                |
| Melting point                               | : No data available                |
| Freezing point                              | : No data available                |
| Boiling point                               | : No data available                |
| Flash point                                 | : Not applicable - not flammable   |
| Relative evaporation rate (butyl acetate=1) | : No data available                |
| Flammability (solid, gas)                   | : See Section 2.1 and 2.2          |
| Explosion limits                            | : Not applicable - not flammable   |
| Explosive properties                        | : Not applicable - not flammable.  |
| Oxidizing properties                        | : None.                            |
| Vapor pressure                              | : No data available                |
| Relative density                            | : No data available                |
| Relative vapor density at 20 °C             | : No data available                |
| Molecular mass                              | : Not applicable for gas-mixtures. |
| Relative gas density                        | : Heavier than air                 |
| Solubility                                  | : No data available                |
| Log Pow                                     | : No data available                |
| Log Kow                                     | : No data available                |
| Auto-ignition temperature                   | : No data available                |
| Decomposition temperature                   | : No data available                |
| Viscosity                                   | : No data available                |
| Viscosity, kinematic                        | : No data available                |
| Viscosity, dynamic                          | : No data available                |

### 9.2. Other information

|                        |                                                                                                          |
|------------------------|----------------------------------------------------------------------------------------------------------|
| Additional information | : Gas/vapour heavier than air. May accumulate in confined spaces, particularly at or below ground level. |
|------------------------|----------------------------------------------------------------------------------------------------------|

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

None known.

### 10.2. Chemical stability

Stable under normal conditions.

# Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 10.3. Possibility of hazardous reactions

None known.

### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

### 10.5. Incompatible materials

None known.

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use hazardous decomposition products should not be produced.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

Acute toxicity : Not classified

| Acetone (67-64-1)          |                                              |
|----------------------------|----------------------------------------------|
| LC50 inhalation rat (mg/l) | 50100 mg/m <sup>3</sup> (Exposure time: 8 h) |
| LC50 inhalation rat (ppm)  | 29811.91 ppm/4h                              |
| ATE US (gases)             | 29811.910 ppmV/4h                            |
| ATE US (vapors)            | 50.100 mg/l/4h                               |
| ATE US (dust, mist)        | 50.100 mg/l/4h                               |
| Carbon dioxide (124-38-9)  |                                              |
| LC50 inhalation rat (ppm)  | 820000 ppm/4h                                |
| Nitrogen (7727-37-9)       |                                              |
| LC50 inhalation rat (ppm)  | 820000 ppm/4h                                |

Skin corrosion/irritation : Not classified  
Serious eye damage/irritation : Not classified  
Respiratory or skin sensitization : Not classified  
Germ cell mutagenicity : Not classified  
Carcinogenicity : Not classified

Reproductive toxicity : Not classified  
Specific target organ toxicity (single exposure) : Not classified

Specific target organ toxicity (repeated exposure) : Not classified

Aspiration hazard : Not classified

Symptoms/injuries after inhalation : May displace oxygen and cause rapid suffocation. May increase respiration and heart rate.  
Symptoms/injuries after skin contact : Adverse effects not expected from this product.  
Symptoms/injuries after eye contact : Adverse effects not expected from this product.  
Symptoms/injuries after ingestion : Ingestion is not considered a potential route of exposure.  
Symptoms/injuries upon intravenous administration : Not known.  
Chronic symptoms : Adverse effects not expected from this product.

## SECTION 12: Ecological information

### 12.1. Toxicity

| Acetone (67-64-1) |                                                                                |
|-------------------|--------------------------------------------------------------------------------|
| LC50 fish 1       | 4.74 - 6.33 ml/l (Exposure time: 96 h - Species: Oncorhynchus mykiss)          |
| EC50 Daphnia 1    | 10294 - 17704 mg/l (Exposure time: 48 h - Species: Daphnia magna [Static])     |
| LC50 fish 2       | 6210 - 8120 mg/l (Exposure time: 96 h - Species: Pimephales promelas [static]) |
| EC50 Daphnia 2    | 12600 - 12700 mg/l (Exposure time: 48 h - Species: Daphnia magna)              |

# Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 12.2. Persistence and degradability

#### Carbon dioxide (124-38-9)

|                               |                                              |
|-------------------------------|----------------------------------------------|
| Persistence and degradability | No ecological damage caused by this product. |
|-------------------------------|----------------------------------------------|

#### Nitrogen (7727-37-9)

|                               |                                              |
|-------------------------------|----------------------------------------------|
| Persistence and degradability | No ecological damage caused by this product. |
|-------------------------------|----------------------------------------------|

### 12.3. Bioaccumulative potential

#### Acetone (67-64-1)

|            |      |
|------------|------|
| BCF fish 1 | 0.69 |
|------------|------|

|         |       |
|---------|-------|
| Log Pow | -0.24 |
|---------|-------|

#### Carbon dioxide (124-38-9)

|            |                      |
|------------|----------------------|
| BCF fish 1 | (no bioaccumulation) |
|------------|----------------------|

|         |      |
|---------|------|
| Log Pow | 0.83 |
|---------|------|

|                           |                                              |
|---------------------------|----------------------------------------------|
| Bioaccumulative potential | No ecological damage caused by this product. |
|---------------------------|----------------------------------------------|

#### Nitrogen (7727-37-9)

|         |                                     |
|---------|-------------------------------------|
| Log Pow | Not applicable for inorganic gases. |
|---------|-------------------------------------|

|                           |                                              |
|---------------------------|----------------------------------------------|
| Bioaccumulative potential | No ecological damage caused by this product. |
|---------------------------|----------------------------------------------|

### 12.4. Mobility in soil

#### Carbon dioxide (124-38-9)

|                |                                              |
|----------------|----------------------------------------------|
| Ecology - soil | No ecological damage caused by this product. |
|----------------|----------------------------------------------|

#### Nitrogen (7727-37-9)

|                |                                              |
|----------------|----------------------------------------------|
| Ecology - soil | No ecological damage caused by this product. |
|----------------|----------------------------------------------|

### 12.5. Other adverse effects

|                       |                                       |
|-----------------------|---------------------------------------|
| Effect on ozone layer | : No known effects from this product. |
|-----------------------|---------------------------------------|

|                              |                                                           |
|------------------------------|-----------------------------------------------------------|
| Effect on the global warming | : Contains greenhouse gas(es) not covered by 842/2006/EC. |
|------------------------------|-----------------------------------------------------------|

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

|                         |                                                                                                                                                                                                                      |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Waste treatment methods | : Contact supplier if guidance is required. Do not discharge into any place where its accumulation could be dangerous. Ensure that the emission levels from local regulations or operating permits are not exceeded. |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                                |                                                                                                                                                                      |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Waste disposal recommendations | : Refer to the CGA Pamphlet P-63 "Disposal of Gases" available at <a href="http://www.cganet.com">www.cganet.com</a> for more guidance on suitable disposal methods. |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## SECTION 14: Transport information

### Department of Transportation (DOT)

In accordance with DOT

|                                |                                                            |
|--------------------------------|------------------------------------------------------------|
| Transport document description | : UN1956 Compressed gas, n.o.s. (Carbon Dioxide, Nitrogen) |
|--------------------------------|------------------------------------------------------------|

|             |          |
|-------------|----------|
| UN-No.(DOT) | : UN1956 |
|-------------|----------|

|                            |                          |
|----------------------------|--------------------------|
| Proper Shipping Name (DOT) | : Compressed gas, n.o.s. |
|----------------------------|--------------------------|

|                     |                           |
|---------------------|---------------------------|
| Hazard labels (DOT) | : 2.2 - Non-flammable gas |
|---------------------|---------------------------|

|                                         |           |
|-----------------------------------------|-----------|
| DOT Packaging Non Bulk (49 CFR 173.xxx) | : 302;305 |
|-----------------------------------------|-----------|

|                                     |           |
|-------------------------------------|-----------|
| DOT Packaging Bulk (49 CFR 173.xxx) | : 314;315 |
|-------------------------------------|-----------|

|             |                                                 |
|-------------|-------------------------------------------------|
| DOT Symbols | : G - Identifies PSN requiring a technical name |
|-------------|-------------------------------------------------|

|                                           |           |
|-------------------------------------------|-----------|
| DOT Packaging Exceptions (49 CFR 173.xxx) | : 306;307 |
|-------------------------------------------|-----------|

# Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

DOT Quantity Limitations Passenger aircraft/rail : 75 kg  
(49 CFR 173.27)

DOT Quantity Limitations Cargo aircraft only (49 : 150 kg  
CFR 175.75)

DOT Vessel Stowage Location : A - The material may be stowed "on deck" or "under deck" on a cargo vessel and on a passenger vessel.

### Additional information

Other information : No supplementary information available.

### ADR

Transport document description : UN 1956, 2.2, (E)

Class (ADR) : 2 - Gases

Hazard identification number (Kemler No.) : 20

Classification code (ADR) : 1A

Hazard labels (ADR) : 2.2 - Non-flammable compressed gas

Orange plates

Tunnel restriction code (ADR) : E

Limited quantities (ADR) : 120ml

Excepted quantities (ADR) : E1

### Transport by sea

UN-No. (IMDG) : 1956

Proper Shipping Name (IMDG) : COMPRESSED GAS, N.O.S.

Class (IMDG) : 2 - Gases

### Air transport

UN-No.(IATA) : 1956

Proper Shipping Name (IATA) : COMPRESSED GAS, N.O.S.

Class (IATA) : 2

## SECTION 15: Regulatory information

### 15.1. US Federal regulations

#### Acetone (67-64-1)

Listed on the United States TSCA (Toxic Substances Control Act) inventory

EPA TSCA Regulatory Flag

T - T - indicates a substance that is the subject of a Section 4 test rule under TSCA.

#### Carbon dioxide (124-38-9)

Listed on the United States TSCA (Toxic Substances Control Act) inventory

#### Nitrogen (7727-37-9)

Listed on the United States TSCA (Toxic Substances Control Act) inventory

### 15.2. International regulations

#### CANADA

#### Acetone (67-64-1)

Listed on the Canadian DSL (Domestic Substances List)

WHMIS Classification

Class B Division 2 - Flammable Liquid  
Class D Division 2 Subdivision B - Toxic material causing other toxic effects

# Acetone (0.0001% - 1.0000%), Carbon Dioxide (3.0000% - 99.9998%) in Nitrogen

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

|                                                       |                          |
