8125 Cobb Center Drive			
Kennesaw, GA 30152 Product Information: 800-TECH-401	Emergency: (0	Chemtrec) 800-424-9300	
Customer Service: 800-645-5244		on Date: February 10, 2007	
Product Identification			
CHEM	M-WIK®ROSIN / CHEM-WIK	® ROSIN SD	
Product Code: All Part Numbers			
SECTION 2: COMPOSITION/INFORMATION ON ING	REDIENTS		
Product Ingredient Information	CAS#	Wt	. % Range
Copper	7440-50-8		0-98.0
losin	8050-09-7	2.0)-10.0
SECTION 3: HAZARD IDENTIFICATION			
<u>Emergency Overview:</u> Shiny, braided copper wire. This produce Potential Health Effects:	ct is nonflammable.		
yes: Vapors released from the desoldering process may cause	eve irritation		
kin: Prolonged contact may cause skin irritation and/or sensiti			
ngestion: Not likely.			
nhalation: Vapors from soldering processes may cause irritation	on of the nose and throat. Respira	tory sensitization may result f	rom inhalation of rosin fumes.
Pre-Existing Medical Conditions Aggravated by Exposure: Lun			
ECTION 4: FIRST AID MEASURES			
yes: If eye irritation occurs immediately flush with plenty	y of water. After initial flushing,	remove any contact lenses and	continue flushing for at least 15 minu
ave eyes examined and tested by medical personnel if irritatio		-	-
kin: If skin irritation occurs wash skin with soap and	water. Remove contaminated cle	othing. Get medical attention	n if irritation develops or persist. W
othing separately before reuse.			
ngestion: Get medical attention.			
ngestion: Get medical attention. nhalation: If user is overcome by fumes during the desoldering	process remove to fresh air. If no	ot breathing, give artificial res	piration. If breathing is difficult, give

SECTION 10: STABILITY AND REACTIVITY

Stability - This product is stable. Conditions to Avoid: None known

Incompatibility: Do not mix with powdered alkali and alkaline earth metals or strong oxidizing agents.

Products of Decomposition: Carbon dioxide, carbon monoxide.

Hazardous Polymerization: Will not occur

Conditions to Avoid: NA

SECTION 11: TOXICOLOGICAL INFORMATION

Inhalation:

Inhalation of dust and fumes during desoldering can irritate the respiratory tract and cause respiratory sensitization.

Ingestion:

Not a typical route of exposure.

Skin:

Can cause skin sensitization in some individuals.

Eve:

Contact with rosin dust and desoldering fumes can irritate the eyes.

Cancer Information: No ingredients listed as human carcinogens by NTP or IARC Reproductive effects: none Teratogenic effects: none

SECTION 12: ECOLOGICAL INFORMATION

Environmental Impact Information

No environmental impact is anticipated if product is disposed of according to all federal, state and local regulations.

REPORTING

US regulations require reporting spills of this material that could reach any surface waters. The toll free number for the US Coast Guard National Response Center is: 1-800-424-8802

SECTION 13: DISPOSAL CONSIDERATIONS

Dispose of in accordance with all federal, state and local regulations.

SECTION 14: TRANSPORTATION INFORMATION

Proper Shipping Name Air: Wire Not regulated Wire Not regulated Ground

SECTION 15: REGULATORY INFORMATION

SECTION 313 SUPPLIER NOTIFICATION

This product contains the following toxic chemicals subject to the reporting requirements of Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986 (40 CFR 372).

Chemical Name

CAS#
7440-50-8

Wt. % Range 90.0-98.0

Mutagenic effects: none

Copper This information should be included on all MSDSs copied and distributed for this material.

TOXIC SUBSTANCES CONTROL ACT (TSCA).

All ingredients of this product are listed on the TSCA Inventory.

WHMIS: Not hazardous. This product has been classified according to the hazard criteria of the CPR and the MSDS contains all of the information required by the CPR.

SECTION 16: OTHER INFORMATION

Product should be used only with adequate ventilation. Mechanical ventilation is recommended on all soldering stations. If such ventilation is not available, personnel should wear NIOSH approved organic vapor respirators equipped with particulate dust filters specified for use during welding or soldering.

To the best of our knowledge, the information contained herein is accurate. However, all materials may present unknown hazards and should be used with caution. In particular, improper use of our products and their inappropriate combination with other products and substances may produce harmful results which cannot be anticipated. Final determination of the suitability of any material is the sole responsibility of the user. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that may exist.
