Emulate Alginate Substitute

SAFETY DATA SHEET

SECTION 1: PRODUCT AND COMPANY INFORMATION	Flash point:
	> 450 °F (material will ash)
Trade Name:	Boiling point:
Alginate Substitute	> 150 °C
Manufactured For:	
- Name Benco Dental	Vapor pressure:
- Address 295 Centerpoint Boulevard	< 5 mm Hg @ 25 °C
Pittston, PA 18640-0491	Crystallization point:
Chemtrec - 24hr Hazmat Communication	Not applicable
- Domestic 1-800-424-9300	Specific gravity:
- Outside U.S. 703-527-3887, collect calls accepted	>1
Date:	Solubility:
04/03/2015	Insoluble in water
SECTION 2: HAZARDS IDENTIFICATION	Volatile part by weight:
Adverse health effects:	None volatile
May cause slight irritation of skin	n-octanol partition coefficient:
Slight irritant for eyes	Not applicable
Physical and chemical hazards:	SECTION10: STABILITY AND REACTIVITY
NONE	Stability:
Hazard classification:	Stable
Not classified according to GHS. See adverse health effects section for additional information.	
	Dangerous reactions:
SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS	Hazardous decomposition products: None to our knowledge
Chemical Family:	Mo dangerous reaction known
ADDITION SILICONE (VINYL TERMINIATED POLYSILOXANE)	SECTION 11: TOXICOLOGICAL INFORMATION
Hazardous components:	Acute toxicity:
NONE	Non-toxic
	Local effects:
SECTION 4: FIRST AID MEASURES	Eye irritant
Inhalation:	
Not applicable	SECTION 12: ECOLOGICAL INFORMATION
Skin contact:	Environmental fate:
Wash with plenty of water and soap	No data available
Eye contact:	Degradability:
Flush immediately with plenty of water.	Non-biodegradable
If irritation persists, see eye doctor.	
Ingestion:	Exotoxicity:
Small quantities will pass through system.	- impact on aquatic environment: No data available.
Consult a physician	No data avaliable. No affect anticipated
SECTION 5: FIRE-FIGHTING MEASURES	SECTION13: DISPOSAL CONSIDERATIONS
Extinguishing media:	Product residues:
- Unsuitable NONE	Destruction / elimination: Dispose in accordance with federal, state and local
- Appropriate Waterspray,	regulations
Foam,	- Prohibition None specifically
Powder, Carbon dioxide	Used packaging:
	Destruction / elimination: Dispose in accordance with federal, state and local
Specific hazards:	regulations
Specific hazards: Material can burn generating irritating gases	regulations - Decontamination / washing None applicable
Specific hazards: Material can burn generating irritating gases Specific intervention methods:	-
Specific hazards: Material can burn generating irritating gases	- Decontamination / washing None applicable
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire	Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation:
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES	Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: Not regulated Sea transportation:
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation:
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation:
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal:
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated EXECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves.	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated EXECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International:
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage: · Containers: Store in supplied packaging	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated ESECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International: - DSL (Canada) All ingredients are listed on the Canadian Domestic Substance List
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International: - DSL (Canada) All ingredients are listed on the Canadian Domestic Substance List (DSL)
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves May inhibit set. Use only vinyl gloves. Storage: - Containers: Store in supplied packaging - Incompatibilities: Strong oxidizing agents - Conditions: Store away from heat sources. Temperature will affect set time	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International: - DSL (Canada) All ingredients are listed on the Canadian Domestic Substance List (DSL) - WHMIS (Canada) Not a "controlled product" under the Canadian Workplace
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage: - Containers: Store in supplied packaging - Incompatibilities: Store away from heat sources. Temperature will affect set time SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: SECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International: - DSL (Canada) All ingredients are listed on the Canadian Domestic Substance List (DSL) - WHMIS (Canada) Not a "controlled product" under the Canadian Workplace Hazardous Materials Information System (WHMIS)
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage: - Containers: Store in supplied packaging - Incompatibilities: Storag oxidizing agents - Conditions: Store away from heat sources. Temperature will affect set time SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION Engineering controls:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International: - DSL (Canada) All ingredients are listed on the Canadian Domestic Substance List (DSL) - WHMIS (Canada) Not a "controlled product" under the Canadian Workplace
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage: - Containers: Store in supplied packaging - Incompatibilities: Store away from heat sources. Temperature will affect set time SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: SECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International: - DSL (Canada) All ingredients are listed on the Canadian Domestic Substance List (DSL) - WHMIS (Canada) Not a "controlled product" under the Canadian Workplace Hazardous Materials Information System (WHMIS)
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage: - Containers: Store in supplied packaging - Incompatibilities: Storag oxidizing agents - Conditions: Store away from heat sources. Temperature will affect set time SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION Engineering controls:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: SECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International: - DSL (Canada) All ingredients are listed on the Canadian Domestic Substance List (DSL) - WHMIS (Canada) Not a "controlled product" under the Canadian Workplace Hazardous Materials Information System (WHMIS)
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage: - Containers: Store in supplied packaging - Incompatibilities: Store away from heat sources. Temperature will affect set time Storageireiring controls: Store away from heat sources. Temperature will affect set time None required Personal protective equipment: - Hand protection: None required	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: SECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International: - DSL (Canada) All ingredients are listed on the Canadian Domestic Substance List (DSL) - WHMIS (Canada) Not a "controlled product" under the Canadian Workplace Hazardous Materials Information System (WHMIS) SECTION 16: OTHER INFORMATION Recommended use: See technical data sheet
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage: - Containers: Store in supplied packaging - Incompatibilities: Storag oxidizing agents - Conditions: Store away from heat sources. Temperature will affect set time SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION Engineering controls: None required Personal protective equipment:	- Decontamination / washing None applicable SECTION14: TRANSPORT INFORMATION Ground transportation: - Not regulated Sea transportation: - Not regulated Air transportation: - Not regulated Air transportation: - Not regulated SECTION 15: REGULATORY INFORMATION Federal: - Sara title III section 313: This product does not contain any substance subject to reporting requirements at or above de minimis quantities - TSCA All components are either listed or otherwise comply with requirements International: - DSL (Canada) Not a "controlled product" under the Canadian Domestic Substance List (DSL) - WHMIS (Canada) Not a "controlled product" under the Canadian Workplace Hazardous Materials Information System (WHMIS) SECTION 16: OTHER INFORMATION Recommended use:
Specific hazards: Material can burn generating irritating gases Specific intervention methods: Appropriate protective equipment must be worn in case of fire SECTION 6: ACCIDENTAL RELEASE MEASURES Recovery: Collect in a suitable container for disposal Cleaning / Decontamination: Wipe up affected area with absorbent material Disposal: Dispose of material in accordance with local, state and federal requipments SECTION 7: HANDLING AND STORAGE Handling: Does not require specific technical measures. Note that handling with latex or rubber gloves may inhibit set. Use only vinyl gloves. Storage: - Containers: Store in supplied packaging - Incompatibilities: Storag oxidizing agents - Conditions: Store away from heat sources.
