

MATERIAL SAFETY DATA SHEET

Section 1. Product and Company Identification

Product Name:	It's So Easy Foil Glue	DATE:	3/22/2011
Formula:	30-6709	REV.	00
Item#:	98887, 98888, 98899		

Manufacturer: American International Industries
2220 Gaspar Ave
Los Angeles, CA 90040
Chem-Tel: (800) 255-3924

Section 2. Composition / Information on Ingredients

Hazardous Ingredients:

Component	CAS #	%	TOXICOLOGICAL DATA
No Hazardous Ingredients			

Section 3. Hazardous Identification

Potential Health Effects, Signs and Symptoms of Exposure:

Primary Route of Entry: Eyes or skin

Eye: Bonds skin instantly. Hold eyelid open and flush with a lot of water. Seek medical attention soon.

Skin: Don't try to pull apart. Use glue remover.

Ingestion: Induce vomiting. Glue gets polymerized in mouth soon. Don't panic. Just rinse with water.

Inhalation: Move person to fresh air.

Section 4. First Aid Measures

First Aid for Eye: Hold eyelid open and flush with a lot of water. Seek medical attention soon.

First Aid for Skin: Don't try to pull apart. Use glue remover.

First Aid for Inhalation: Move person to fresh air.

First Aid for Ingestion: Induce vomiting. Glue gets polymerized in mouth soon. Don't panic. Just rinse with water.

Section 5. Fire Fighting Measures

MATERIAL SAFETY DATA SHEET

Flash Point (°F/°C):	Not applicable
Flammable Limit (vol%):	Not applicable
Auto-ignition Temp. (vol%)	None Established
Extinguisher Media:	Sand, foam, dry chemicals such as carbon dioxide & halones. Polymerization will occur but not hazardous.
Fire Fighting Instructions:	Wear protective clothing to prevent contact with skin and eyes. Wear self-contained breathing apparatus.
Fire Fighting Equipment:	Extinguish by spraying CO2 gas or N2 gas.

Section 6. Accidental Release Measures

Spill or Release Procedures:	Evacuate the area, recover as much material as practical. Soak up the remainder with absorbent materials. Ventilate the area. Wear self-contained breathing apparatus, polyethylenegloves and boots covered by polyethylene material when cleaning up.
------------------------------	--

Section 7. Handling and Storage

Handling:	Keep containers tightly closed while not in use. Avoid contact with eyes and skin.
Storage:	Store in a cool, dry and dark place.
Specific Use:	Bonding artificial nails to finger nails.

Section 8. Exposure Controls / Personal Protective Equipment

Engineering Controls: Not available.

Personal Protective Equipment

Hand Protection: Wear polyethylene gloves as this product bonds skin instantly.

Eye Protection: Not required.

Body Protection: Impervious clothing is recommended as this product, if splashed by mistake, permeate into

Respiratory Protection: Not required.

MATERIAL SAFETY DATA SHEET

General Hygienic Practices: Exposure guidelines have not been established for this product. Hygienic practices are not specially required so long as workers take care of eye contact while working in ventilated area.

Section 9. Physical and Chemical Properties

Appearance @ 25°C:	Light violet liquid	Viscosity (RVT):	Not applicable
Odor @ 25°C:	Mild acrylic acid ester	Vapor Pressure:	Not applicable
pH	5.0 - 7.0	Vapor Density:	Not applicable
Specific Gravity:	Approx 1.1g/cm ² @ 23°C	Evaporation Rate:	Not applicable
Ignition:	Not applicable		
Total Solids, %	Not applicable		
Boiling Point /	Approx 100°C		
Freezing Point			
Solubility in Water	Soluble infinitely		

Section 10. Stability and Reactivity

Stability: Stable in normal storage and handling.

Hazardous Decomposition Products:
None.

Incompatibility (Materials to Avoid):
None.

Hazardous Polymerization:
None

Conditions to Avoid: Freezing

Section 11. Toxicological Information

Acute Oral Toxicity: No data available

Acute Toxicity to Invertebrates:
No data available

Acute Toxicity to Algae:
No data available

MATERIAL SAFETY DATA SHEET

Irritation - Skin:	Bonds skin in seconds. Considered to be a low toxicity. Allergic reaction is not considered possible due to polymerization at the skin surface.
Irritation - Eye:	Bonds eyelids. Vapours may cause irritation and lachrymatory effect.
Inhalation:	Expected to be low. Vapors may irritate the eyes and respiratory system.
Ingestion:	Considered to have relatively low toxicity. Acute oral LD50 is 6.7ml/kg (in the abdominal cavity of Daikoku rat)
Sensitisation:	Not classified as sensitising. However, prolonged over-exposure to vapours may lead to sensitising effects in sensitive individuals.
Mutagenicity:	No adverse results reported.
Sub-chronic Toxicity:	None
Carcinogenicity:	No adverse results reported.
Teratogenicity:	No adverse results reported.
Reproductive Toxicity:	No adverse results reported.

Section 12. Ecological Information

Ecotoxicological Information

Acute Toxicity to Fish:

No data available

Acute Toxicity to Invertebrates:

No data available

Acute Toxicity to Algae

No data available

Bioconcentration: No data available

Toxicity to Sewage Bacteria:

No data available

Chemical Fate Information

Biodegradability: No data available

Chemical Oxygen Demand:

No data available

MATERIAL SAFETY DATA SHEET

Section 13. Disposable Considerations

Dispose according to local and national regulations. Polymerise by adding slowly to water (10:1). Dispose of as water insoluble non-toxic solid chemical in authorised landfill or incinerate under controlled conditions.

Section 14. Transportation Information

DOT (49CFR 172)

Proper Shipping Name: Non-Regulated Material

Identification Number: N/A

Marine Pollutant: No

Special Provisions: N/A

Emergency Response Guidebook (ERG)#: N/A

IATA (DGR):

Proper Shipping Name: Non-Regulated Material

Class or Division: N/A

UN or ID Number: N/A

Packaging Instructions:

Emergency Response Guidance (ICAO)#:

IMO (IMDG):

Proper Shipping Name: Non-Regulated Material

Class or Division: N/A

UN or ID Number: N/A

Special Provisions & Stowage/Segregation: None

Emergency Schedule (EmS)#:

Section 15. Regulatory Information

Classification and Labeling: This preparation is not regulated, however, we recommend the following safety precautions

Caution: Danger! Bonds eyes and skin instantly. Keep out of reach of children. Do not use on sore or infected nails or cuticles. X Irritant.

Section 16. Other Information

Wear polyethylene gloves as this product bonds skin instantly. Impervious clothing is recommended as this product, if splashed by mistake, may permeate into clothing and cannot be removed.
