4. FIRST AID MEASURES

Eyes: Immediately flush with plenty of water for at least 15 minutes. Hold eyelids open during flushing. Call a physician or poison center immediately.
Skin: Flush area with water while removing contaminated clothing. Follow by washing with soap and water. If irritation persists, call a physician or poison center.
Inhalation: Remove to fresh air. Apply artificial respiration if needed. If irritation persists, call a physician.
Ingestion: DO NOT induce vomiting. If conscious, drink large amounts of water and call a physician immediately.
