Browne Washer-Disinfectant Test Soil is not considered to be a hazardous product according to the OSHA Hazard Communication Standard, 29 CFR 1910.1200 and the Controlled Products Regulations.

Browne Washer-Disinfectant Test Soil and its packaging do not contain latex.

Health and Safety:

When reconstituted, the Browne Washer-Disinfectant Soil contains inert ingredients, coloring dyes, egg, and animal derived proteins. As such it does not present a risk to health when used as directed and poses no risk of introducing blood contaminants into the washer-disinfectant.

EYES: If material inadvertently gets into eyes, flush with water for at least 15 minutes and seek medical advice.

SKIN: Avoid contact with skin. Wash with soap and water. Seek medical advice if irritation develops.

INGESTION: Do NOT ingest. Do NOT induce vomiting. Get medical attention. Do not give anything by mouth to an unconscious person. If conscious, drink a large quantity of milk or water.

SHIPPING INFORMATION: Non-Hazardous.

The information on this sheet is not a specification and does not guarantee specific properties. The information is intended to provide general knowledge as to health and safety based upon our knowledge of the handling, storage and use of the product. It is not applicable to unusual or non-standard uses of the product or where instruction or recommendations are not followed.
