VERIFY™ SixCess™ 275F Flash indicator	LCC005
SHIPPING INFORMATION:	NOT RESTRICTED

VERIFY™ SixCess™ steam chemical indicators are not hazardous products according to the OSHA Hazard Communication Standard, 29 CFR 1910.1200 and the Controlled Products Regulations; and are free of lead and other heavy metals.

VERIFY™ SixCess™ steam chemical indicators do not contain any components derived from animal origin, do not come into contact with materials of animal origin and therefore comply with the "Note for guidance of minimizing the risk of transmitting animal spongiform encephalopathy agents via human Veterinary medicinal products (EMA/410/01 Rev. 2-October 2003)."

The VERIFY™ SixCess™ series of steam chemical indicators are free of natural rubber latex and dry natural rubber products.

VERIFY™ SixCess™ Steam Indicators are cycle verification indicators which are designed to react to all critical variables for specific sterilization cycles. These cycle-specific indicators have a more defined endpoint (point of color change) than Class 5 (integrating indicators. Each strip monitors all critical parameters of steam sterilization (exposure time, temperature, and steam quality).

The information on this sheet is not a specification and does not guarantee specific properties. The information is intended to provide general knowledge as to health and safety based upon our knowledge of the handling, storage and use of the product. It is not applicable to unusual or non-standard uses of the product or where instruction or recommendations are not followed.
