### Handling

- No special handling is required. Refer to Section 8. Use only in accordance with product literature.

## Conditions for safe storage, including any incompatibilities

### Storage

- Store at room temperature 15-30C (59-86F).

## Section 8 - Exposure Controls/Personal Protection

### Control parameters

#### Exposure Limits/Guidelines

- Refer to the occupational exposure limits / guidelines for the individual product components.

Exposure Limits/Guidelines				
	Result	Canada Quebec	OSHA	Other Agency Information
Propylene glycol (57-55-6)	TWAs	Not established	Not established	10 mg/m3 TWA
Glycerin (56-81-5)	TWAs	10 mg/m3 TWAEV (mist)	15 mg/m3 TWA (mist, total particulate); 5 mg/m3 TWA (mist, respirable fraction)	Not established

### Exposure controls

#### Engineering Measures/Controls

- No special controls are required under conditions of intended use. Local exhaust ventilation should be provided when handling bulk product.

#### Personal Protective Equipment

##### Pictograms

-  

##### Respiratory

- In the event of a bulk spill, and where risk assessment shows that air-purifying respirators are appropriate, a NIOSH (US) or CEN (EU) -certified air-purifying respirator equipped with organic vapor cartridges may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits, when adequate oxygen is present and as a backup to engineering controls. Use a positive pressure air-supplied respirator if there is any potential for an uncontrolled release or any other circumstances where air purifying respirators may not provide adequate protection.

##### Eye/Face

- No special personal protection required under conditions of intended use. In the event of a bulk spill, appropriate eye/face protection should be worn.

##### Hands

- No special personal protection required under conditions of intended use. In the event of a bulk spill, wear rubber or nitrile gloves.

##### Skin/Body

- No special personal protection required under conditions of intended use. In the event of a bulk spill, wear appropriate protective clothing.

#### General Industrial Hygiene Considerations

- Handle in accordance with good industrial hygiene and safety practice.

#### Environmental Exposure Controls

- No data available
