Section 7. Precautions for Safe Handling and Use / Leak Procedures

Steps to be Taken if Material is Spilled or Released:

For small spills or leaks, contain spill with inert material; sweep up, and place in a disposal container. For large spills, dike far ahead of spill for later disposal. Do not release into sewers or water-ways.

Waste Disposal Methods:

Disposal requirements are dependent on hazard classification and will vary by location and type of disposal selected.

Handling & Storage:

Practice good personal hygiene after handling this product. Protect containers from physical damage, shield them from direct sunlight, and store in cool, dry others.
