

**Section 1. Identification**

**GHS product identifier** : Diamond Polishing Paste

**Other means of identification** : Not available.

**Product type** : Solid.

**Relevant identified uses of the substance or mixture and uses advised against**

**Product use** : Dental product:

**Area of application** : Professional applications.

**Manufacturer** : **Manufacturer for:**

**Kerr Corporation**

1717 West Collins Avenue  
Orange, CA 92867-5422  
Telephone no.: 1-800-KERR-123

**e-mail address of person responsible for this SDS** : Contact customer service at 1-800-KERR-123 for any questions

**Emergency telephone number (with hours of operation)** : CHEMTREC® (24 hours) U.S.: 1-800-424-9300      International: +1-703-527-3887

**Section 2. Hazards identification**

**OSHA/HCS status** : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

**Classification of the substance or mixture** : Not classified.

**GHS label elements**

**Signal word** : No signal word.

**Hazard statements** : No known significant effects or critical hazards.

**Precautionary statements**

**Prevention** : Not applicable.

**Response** : Not applicable.

**Storage** : Not applicable.

**Disposal** : Not applicable.

**Hazards not otherwise classified** : None known.

## Section 3. Composition/information on ingredients

<b>Substance/mixture</b>	: Mixture
<b>Other means of identification</b>	: Not available.

### CAS number/other identifiers

<b>CAS number</b>	: Not applicable.
<b>Product code</b>	: Not available.

Ingredient name	Other names	%	CAS number
Water		<84.15	7732-18-5
NA		<0.85	(Trade Secret)
Isopropyl Alcohol		<0.85	67-63-0
Sodium 1-(3,4-dihydro-6-methyl-2,4-dioxo-2H-pyran-3-ylidene)ethanolate		<0.425	4418-26-2
Triethanolamine		<0.425	102-71-6
Diamond		<10.0	7782-40-3

Other principal inert components:

## Section 4. First aid measures

### Description of necessary first aid measures

<b>Emergency first aid</b>	: Consult a physician. Show this safety datasheet to the doctor in attendance. Move out of dangerous area.
<b>Eye contact</b>	: Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician. No specific treatment is necessary, since this material is not likely to be hazardous.
<b>Inhalation</b>	: If breathed in, move person into fresh air. Consult a physician. No specific treatment is necessary, since this material is not likely to be hazardous.
<b>Skin contact</b>	: Wash off with soap and plenty of water. Consult a physician. No specific treatment is necessary, since this material is not likely to be hazardous.
<b>Ingestion</b>	: Never give anything by mouth to an unconscious person. Rinse mouth with water. Stop if the exposed person feels sick as vomiting may be dangerous. Get medical attention if adverse health effects persist or are severe.

### Indication of immediate medical attention and special treatment needed if necessary

<b>Notes to physician</b>	: Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
<b>Specific treatments</b>	: No specific treatment.
<b>Protection of first-aiders</b>	: In case of major fire and large quantities: No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

## Section 5. Fire-fighting measures

### Extinguishing media

**Suitable extinguishing media** : Use water Spray, dry chemical, carbon dioxide, or alcohol-resistant foam.

**Unsuitable extinguishing media** : None known.

**Specific hazards arising from the chemical** : No specific fire or explosion hazard.

**Hazardous thermal decomposition products** : Information not available.

**Special protective actions for fire-fighters** : In case of major fire and large quantities: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

**Special protective equipment for fire-fighters** : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

## Section 6. Accidental release measures

### Personal precautions protective equipment and emergency procedures

**For non-emergency personnel** : Low release. For professional use only. Use personal protective equipment. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. See section 8.

**For emergency responders** : Low release. See also the information in "For non-emergency personnel".

**Environmental precautions** : Low release. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

### Methods and materials for containment and cleaning up

**Small spill** : Small Quantity. For professional use only. Absorb with an inert material and place in an appropriate waste disposal container.

**Large spill** : Small Quantity. For professional use only. Absorb with an inert material and place in an appropriate waste disposal container.

## Section 7. Handling and storage

### Precautions for safe handling

**Protective measures** : Avoid contact with skin and eyes. Avoid inhalation of vapor or mist. For precautions see section 2. No special handling procedures are required.

**Advice on general occupational hygiene** : Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking.

**Conditions for safe storage, including any incompatibilities** : Store in accordance with local regulations. Store in original container keep container closed in a dry and well ventilated area and kept upright to prevent leakage. Recommended storage temperature: 2-8 dg. C. No special storage requirements.

## Section 8. Exposure controls/personal protection

### Control parameters

#### Occupational exposure limits

Ingredient name	OSHA TWA	ACGIH TWA	CAS number
Water			7732-18-5
NA			(Trade Secret)
Isopropyl Alcohol	PEL: 300 ppm PEL: 400 ppm	TLV:100 ppm TLV: 200ppm STLV: 400 ppm.	67-63-0
Sodium 1-(3,4-dihydro-6-methyl-2,4-dioxo-2H-pyran-3-ylidene)ethanolate			4418-26-2
Triethanolamine		TLV: 5mg/m <sup>3</sup>	102-71-6
Diamond			7782-40-3

#### Appropriate engineering controls

- : No special measures are required for small quantities under normal and intended conditions of product use.

#### Environmental exposure controls

- : No special measures are required for small quantities under normal and intended conditions of product use.

### Individual protection measures

#### Hygiene measures

- : No special measures are required for small quantities under normal and intended conditions of product use.

#### Eye/face protection

- : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. Safety glasses with side-shields are not required.

#### Skinprotection

##### Hand protection

- : Handle with Gloves. Gloves must be inspected prior to use. Under proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. Protective garments nor normally required.

##### Body protection

- : Impervious clothing. Protective garments not normally required.

##### Other skin protection

- : Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

#### Respiratory protection

- : Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multi-purpose combination or ty ABEK (EN 14387) respirator cartridges as backup to engineering controls. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU)

## Section 9. Physical and chemical properties

### Appearance

Physical state	: Paste
Color	: Off- White.
Odor	: No Odor.
Odor threshold	: Not available.
pH	: Not available
Melting point	: -100.00 C
Boiling point	: Not available.
Flash point	: Not available.
Evaporation rate	: Not available.
Flammability (solid, gas)	: Not available.
Lower and upper explosive (flammable) limits	: Not available.
Vapor pressure	: Not available.
Vapor density	: Not available.
Relative density	: Not available.
Solubility	: Not available.
Solubility in water	: Negligible
Partition coefficient: n-octanol/water	: Not available.
Auto-ignition temperature	: Not available
Specific Gravity	: ~1.000
SADT	: Not available.
Viscosity	: Not available.
Physical/chemical properties comments	: Not available

## Section 10. Stability and reactivity

Reactivity	: No specific test data related to reactivity available for this product or its ingredients.
Chemical stability	: The product is stable.
Possibility of hazardous reactions	: Under normal conditions of storage and use, hazardous reactions will not occur. Under normal conditions of storage and use, hazardous polymerization will not occur.
Materials to avoid	: No Incompatibility. (Reacts with hydrofluoric acid: soluble in HF)
Incompatible materials	: May react with strong bases, strong oxidizing agents.
Hazardous decomposition products	: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## Section 11. Toxicological information

### Information on toxicological effects

#### Acutetoxicity

##### Conclusion/Summary:

#### Irritation/Corrosion

Skin Corrosion/irritation.

Serious eye damage

Eye irritation.

#### Sensitization

Not available.

##### Conclusion/Summary

#### Skin

#### Mutagenicity

Not available.

##### Conclusion/Summary

#### Carcinogenicity

Not available.

#### Reproductivetoxicity

Not available.

#### Teratogenicity

Not available.

#### Specific target organ toxicity (single exposure)

#### Specific target organ toxicity (repeated exposure)

Not available.

#### Aspirationhazard

Not available.

### Information on the likely routes of exposure

### Potential acute health effects

**Eye contact** : No known significant effects or critical hazards.

**Inhalation** : No known significant effects or critical hazards.

**Skin contact** : No known significant effects or critical hazards.

## Section 11. Toxicological information

### Symptoms related to the physical, chemical and toxicological characteristics

<b>Eye contact</b>	: No specific data.
<b>Inhalation</b>	: No specific data.
<b>Skin contact</b>	: No specific data.
<b>Ingestion</b>	: No specific data.

### Delayed and immediate effects and also chronic effects from short and long term exposure

#### Shorttermexposure

<b>Potential immediate effects</b>	: Not available.
------------------------------------	------------------

<b>Potential delayed effects</b>	: Not available.
----------------------------------	------------------

#### Longtermexposure

<b>Potential immediate effects</b>	: Not available.
------------------------------------	------------------

<b>Potential delayed effects</b>	: Not available.
----------------------------------	------------------

#### Potential chronic health effects

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC. ACGIH: No component of this product presents at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH. NTP: No components of this product present at levels greater than or equal to 0.1% as identified as a know or anticipated carcinogen by NTP.

<b>General</b>	: No known significant effects or critical hazards.
<b>Carcinogenicity</b>	: No known significant effects or critical hazards.
<b>Mutagenicity</b>	: No known significant effects or critical hazards.
<b>Teratogenicity</b>	: No known significant effects or critical hazards.

<b>Developmental effects</b>	: No known significant effects or critical hazards.
------------------------------	---

<b>Fertility effects</b>	: No known significant effects or critical hazards.
--------------------------	---

### Numerical measures of toxicity

#### Acute toxicity estimates

Route	ATE value

## Section 12. Ecological information

### Toxicity

Product/ingredient name	Result	Species	Exposure
Not required/not conducted			

### Persistence and degradability

Not available.

<b>Date of issue/Date of revision</b>	: 08/28/2015	<b>Date of previous issue</b>	: No previous validation	<b>Version</b> : 1	7/8
---------------------------------------	--------------	-------------------------------	--------------------------	--------------------	-----

## Section 13. Disposal considerations

### Disposal methods

- : Offer surplus and non-recyclable solution to a license disposal company. Contaminated packaging: Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. US EPA guidelines for the classification determination are listed in 40 CFR Parts 261. Additionally, waste generators must consult state and local hazardous waste regulations to ensure complete and accurate classification.
- RCRA P-Series: None
- RCRA U-Series: None

## Section 14. Transport information

	DOT Classification	IMDG	IATA
UN number	Not regulated.	Not regulated.	Not regulated.
UN proper shipping name	-	-	-
Transport hazard class(es)	-	-	-
Packing group	-	-	-
Environmental hazards	No.	No.	No.
Additional information	-	-	-

**Special precautions for user:** Transport within user's premises: always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

**Transport in bulk according to Annex II of MARPOL:** Not available.  
73/78 and the IBC Code

## Section 15. Regulatory information

**U.S. Federal regulations:** Not Listed

**SARA 302/304**

**Composition/information on ingredients**

Trade Secret Material Yes 1000LB

**SARA 304 RQ** : Not applicable.

**SARA311/312**

**Classification** : Not applicable.

**SARA313** **California Prop.65**

Isopropyl Alcohol None.

Trade Secret

## Section 16. Other information:

None.
