SDS Report

Sample Description

RIGID PATCH

Applicant

ChangZhou GuMei Bandage Co., Ltd

Pony Testing International Group

www.ponytest.com

No.: I12012045016D

Code: q51i81io4

Safety Data Sheet (SDS)

according to 29CFR 1910.1200 (g)ANSI Z400.1Z129.1-2010

RIGID PATCH

Section 1 - Chemical Product and Company Identification

Sample Name: RIGID PATCH

Sample Code: N/A

Recommended Uses: To be used in repairing of plastic, metal and glass lamp vessel. The product can fast setting to achieve higher strength in the sun.

Restrictions on use: N/A

Export to: N/A

Company Identification: ChangZhou GuMei Bandage Co., Ltd

Address: No.9, Long Ting Road, Wujin Hi-Tech Industrial Park

TEL: +86 519-86480860

Fax: +86 519-86480860

Post Code: 213177

E-mail: chenghenina@sina.com

Emergency Telephone: 801 607 5344.

Section 2 - Hazards Identification

2.1 Emergency Overview:

Appearance/Odor: Buff square fabric, pungent odor.

No Physical and chemical hazards under reasonable conditions. If contacted or inhaled, may cause eyes, skin and respiratory tract irritation.

2.2 OSHA Regulatory Status: This product is not considered hazardous by the OSHA hazard communication standard (29 CFR 1910.1200).

2.3 Potential Health Hazards:

Relevant routes of exposure: See Section 11 for more information.

Medical condition aggravated by exposure: N/A.

2.4 Potential Environmental Hazards: N/A.

2.5 Carcinogenicity: See Section 11.**Section 3 - Composition, Information on Ingredients**

General Chemical Description: This chemical product is a mixture.

Composition, Information on Ingredients:

Chemical Name	CAS No.	% (weight)	EC#	Classification
Polymer of polyurethane and ethyl methacrylate	N / A	60 %	N / A	N / A
Glass, oxide, chemicals	65997-17-3	40 %	266-046-0	Not Classified

Section 4 - First Aid Measures**4.1 First aid procedures by route of exposure:**

Inhalation: If inhaled, remove to fresh air immediately. If breathing is difficult, oxygen may be beneficial by trained personnel. If not breathing, give artificial respiration immediately. Get medical aid immediately if feel unwell.

Skin: IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. If skin irritation or rash occurs: Get medical advice. Take off contaminated clothing and wash it before reuse.

Eyes: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. DO NOT rubbing eyes with hand. Continue rinsing. Get medical aid immediately.

Ingestion: Ingestion of this material is unlikely. IF SWALLOWED, Do NOT induce vomiting. Rinse mouth. Get medical aid immediately.

4.2 Most important acute and delayed symptoms/effects: See Section 11 for more information.

4.3 Antidotes: N / A.

4.4 Note to Physicians: Treat symptomatically and supportively.

Section 5 - Fire Fighting Measures

5.1 Flammable properties: N / A.

5.2 Extinguishing Media:

Suitable extinguishing Media: Suitable extinguishing Media: Use appropriate extinguishing media in case of fire. Such as powder, water spray, foam, carbon dioxide and dry sand.

Unsuitable extinguishing media: N / A.

5.3 Protection for firefighters: As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

5.4 Specific hazards arising from the chemical: No specific hazards under normal storage and handling conditions. Gives off irritating or toxic fumes (or gases) in a fire.

5.5 Protective equipment and precautions for firefighters: As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Approach fire from upwind to avoid hazardous vapors and toxic decomposition products. Move containers from fire area if this can be done without risk. Prevent run off from fire control dilution from entering streams or drinking water supply.

Section 6 - Accidental Release Measures

6.1 Personal Precautions: No action shall be taken involving any personal risk or without suitable training. Keep unnecessary and unprotected personnel from entering. Use proper personal protective equipment as indicated in Section 8.

6.2 Environmental Precautions: Evacuate and ventilate spill area. Stop leak if safe to do so. Move containers from spill area. Isolate hazard area. Do not touch or walk through spilled material. Do not get water inside containers. Avoid breathing vapor and fume. Remove all sources of ignition or heat. Review Section 5 and Section 7 sections before proceeding with clean-up.

6.3 Methods for Containment: Stop leak if safe to do so. Move containers from spilled area.

6.4 Methods for Clean-Up: Remove all sources of ignition. Ensure adequate ventilation. Carefully shovel or sweep up the product and place in suitable container for disposal according to local regulations.

6.5 Other Information: N/A

6.6 Spill or leak statements by type of chemical: Use appropriate personal protective equipment(PPE).

Section 7 - Handling and Storage

General Information: This product should be stored, handled and used in accordance with good industrial hygiene practices and in conformity with any legal regulation. Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period.

7.1 Storage: Ensure good local exhaust ventilation. Handle and open container with care. Keep container tightly closed and away from incompatible substances (see section 10), any sources of ignition or heat (e.g. open flames, sparks, direct sunlight, smoking, hot surfaces), foodstuffs, beverages and foods. Avoid contact with eyes, skin and clothing and shoes. Wash clothing and shoes thoroughly before reuse. Empty containers retain product residue. The work area should be equipped with the corresponding species and quantity of fire-fighting equipments and emergency equipments.

7.2 Handling: Keep container securely sealed when not in use. Store in a cool, dry, well-ventilated area away from incompatible substances (see section 10), any sources of ignition or heat (e.g. open flames, hot surfaces), feedstuffs, beverages and foods. Avoid physical damage to containers. The storage area should be equipped with the corresponding species and quantity of emergency equipment, spills emergency treatment equipment and appropriate storage material.

Section 8 - Exposure Controls, Personal Protection

8.1 Exposure Limit: No information found.

8.2 Engineering Controls: Use adequate ventilation to keep airborne concentrations low. Equipped with safety shower and eyes bath.

8.3 Personal Protective Equipment:

Respiratory Protection: It is recommended to wear appropriate protective respiratory masks. A full face positive pressure supplied-air respirator or a self contained breathing apparatus should be used when there is the risk of greater exposure.

Hand Protection: Wear appropriate protective gloves to reduce the contact.

Eyes Protection: Wear appropriate safety spectacles.

Skin and Body Protection: Wear appropriate protective clothing to prevent skin exposure.

8.4 General hygiene considerations: Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed.

Section 9 - Physical and Chemical Properties

Appearance: Buff square fabric.

Odor: Pungent odor.

Odor threshold: N / A

Physical state: N / A

pH: N / A

Melting Point: N / A

Initial Boiling Point and Boiling range: N / A

Flash Point: N / A

Relative Density: N / A

Evaporation rate: N / A

Upper / lower flammability or explosive limits: N / A

Vapor Pressure: N / A

Vapor Density (Air=1): N / A

Density: N/A

Relative density: N/A

Solubility: N/A

Auto-ignition Temperature: N/A

Decomposition temperature: N/A

Flammability: N/A

Section 10 - Stability and Reactivity

10.1 Reactivity: No reactivity under normal storage and handling conditions.

10.2 Possibility of hazardous reactions: No hazardous reactions under normal storage and handling conditions. Gives off irritating or toxic fumes (or gases) in a fire.

10.3 Chemical Stability: Stable under normal storage and handling conditions.

10.4 Conditions to Avoid: Incompatible materials, any sources of ignition or heat (e.g. open flames, smoking, hot surfaces, excess heat), dust generation.

10.5 Incompatibilities Materials: Strong acids, strong oxidants, strong bases, etc.

10.6 Hazardous Decomposition Products: Gives off irritating or toxic fumes (or gases) including nitrogen oxides, etc. in a fire.

Section 11 - Toxicological Information

11.1 Toxicological information: No data available.

Medical condition aggravated by exposure: No data available.

11.2 Toxicity Data: No data available.

11.3 Repeated dose effects: No data available.

11.4 Skin Irritation: No data available.

Eye Irritation: No data available.

11.5 Respiratory or Skin sensitization: No data available.

11.6 Carcinogenicity:

Composition: CAS# 65997-17-3

- Not listed as a carcinogen by ACGIH, IARC, or CA Prop 65.

11.7 Neurological effects: No data available.

11.8 Reproductive Cell Mutagenicity: No data available.

Reproductive Toxicity: No data available.

11.9 Skin corrosion: No data available.

Eye corrosion: No data available.

11.10 Developmental effects: No data available.

11.11 Specific target organ toxicity-Single exposure: No data available.

Specific target organ toxicity-Repeated exposure: No data available.

11.12 Aspiration hazard: May cause allergy or asthma symptoms or breathing difficulties if inhaled

Section 12 - Ecological Information

12.1 Ecotoxicity: No data available.

12.2 Persistence/Degradability: No data available.

12.3 Bioaccumulation/Accumulation: No data available.

12.4 Mobility in environmental media: No data available.

12.5 Other adverse effects: No data available.

Section 13 - Disposal Considerations

Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Disposal should be in accordance with applicable regional, national and local laws and regulations.

The generation of waste should be avoided or minimized wherever possible. Contaminated packaging material should be treated equivalent to residual chemical. Clean packaging material should be subjected to waste management schemes (recovery recycling, reuse) according to local legislation. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Refer to Section 7-Handling and Storage and Section 8-Exposure Controls/Personal Protection for additional handling information and

protection of employees.

Section 14 - Transport Information

Not regulated as a hazardous material for transportation. (IATA DGR 55th, IMDG Code 36-12 edition, UN TDG Rev.18)

UN: N/A

UN Classification: N/A

UN proper Shipping Name: N/A

Packaging Sign: N/A

Packaging group: N/A

Marine Pollutant (Y/N): None

Transport in bulk according to MARPOL73/78 Annex II and the IBC Code: N/A

Transport Fashion: By air, by sea, and by road.

Packaging information: N/A

Shipping Notice: Packaging is intact and transport is secure. Avoid the physical damage of the packaging.

Section 15 - Regulatory Information

Regulatory Information: Reference to the local, national, US, EU, CA and international regulations.

CAS No.	TSCA	IECSC	EINECS/ ELINCS/NLP	DSL/NDSL
65997-17-3	Listed	Listed	Listed	Listed in DSL

California Prop.65 Components: This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

Section 16 - Additional Information

Issue Time: 2014-12-5

Issue Department: Technical department

Data review unit: /

Modification record: /

Notice to reader

To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein.

Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
