

# Material Safety Data Sheet

May be used to comply with  
OSHA'S Hazard Communication Standard,  
29 CFR 1910.1200. Standard must be  
consulted for specific requirements.

## Section I

|                                                                         |                                                  |
|-------------------------------------------------------------------------|--------------------------------------------------|
| Manufacturer's Name<br>California Mango, Inc                            | Emergency Telephone Number<br>714-375-2599       |
| Address (Number, Street, City, State, and Zip Code)<br>17712 Crabb Lane | Telephone Number for Information<br>714-375-2599 |
| Huntington Beach , California 92647                                     | Date Prepared<br>January 2000 - Revised          |
|                                                                         | Signature of Preparer (optional)                 |

## Section II— Hazardous Ingredients/Identity Information

| Hazardous Components (Specific Chemical Identity: Common Name(s))                                                                                               | OSHA PEL | ACGIH TLV | Other Limits Recommended | % (optional) |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|-----------|--------------------------|--------------|
| This product is not manufactured to contain a reportable hazardous component. Components are not found on any list of carcinogens such as NTP, IARC or by OSHA. |          |           |                          |              |

Contains: Purified & Deionized water, Aloe Vera Gel, Sodium Lauroyl Sarcosinate, Cocamidopropyl Betaine, Cocamide DEA, Jojoba oil, Herbal Complex Kelp, Comfrey, Chamomile, Bee Pollen, Vitamin Complex (E, A & D), Biotin, Fragrance, Methylparaben, Propylparaben.

## Section III—Physical/Chemical Characteristics

|                         |                                      |                                      |      |
|-------------------------|--------------------------------------|--------------------------------------|------|
| Boiling Point           | 212F                                 | Specific Gravity (H2O = 1)           | N/A  |
| Vapor Pressure (mm Hg ) | N/A                                  | Melting Point                        | None |
| Vapor Density (AIR - 1) | N/A                                  | Evaporation Rate (Butyl Acetate - 1) | N/A  |
| Solubility in Water     | Yes                                  |                                      |      |
| Appearance and Odor     | Clear Viscose solution - Floral odor |                                      |      |

## Section IV—Fire and Explosion Hazard Data

|                                                  |                               |     |     |
|--------------------------------------------------|-------------------------------|-----|-----|
| Flash Point (Method Used)<br>Not Determined      | Flammable Limits<br>Not Known | LEL | UEL |
| Extinguishing Media<br>Water, Dry Chemical, Foam |                               |     |     |
| Special Fire Fighting Procedures<br>NONE         |                               |     |     |
| Unusual Fire and Explosion Hazards<br>NONE       |                               |     |     |

|           |          |   |                                            |
|-----------|----------|---|--------------------------------------------|
| Stability | Unstable |   | Conditions to Avoid                        |
|           | Stable   | X | Presents no significant reactivity hazard. |

Hazardous Decomposition or Byproducts

|                          |                |   |                       |
|--------------------------|----------------|---|-----------------------|
| Hazardous Polymerization | May Occur      |   | Condition as to avoid |
|                          | Will Not Occur | X | Not known             |

|                    |             |       |            |
|--------------------|-------------|-------|------------|
| Route(s) of Entry: | Inhalation? | Skin? | Ingestion? |
|--------------------|-------------|-------|------------|

Inhalation is not considered to be a significant route of exposure. No irritation to skin and in the event of ingestion, rinse mouth with water. Obtain medical advice.

|                                |      |                  |                 |
|--------------------------------|------|------------------|-----------------|
| Carcinogenicity:<br>None Known | NTP? | LARC Monographs? | OSHA Regulated? |
|--------------------------------|------|------------------|-----------------|

None Known

Generally Aggravated by Exposure None Known

## Emergency and First Aid Procedures

In the event of accidental contact with eyes, irrigate with copious amounts of water.

---

Steps to Be Taken in Case Material is Released or Spilled

If spill is small, wipe with cloth or mop. If spill is large, use normal industrial cleaning procedures - water.

This product is not a hazardous waste product. Consult local officials for proper disposal.

None

None

## Respiratory protection (Specify Type)

Not necessary under normal use conditions.

|             |                      |         |
|-------------|----------------------|---------|
| Ventilation | Local Exhaust X      | Special |
|             | Mechanical (General) | Other   |

Splash proof goggles if handling methods warrant them.
