

**Material Safety Data Sheet for hCG Urine Pregnancy Test Device**

---

**1. Identification of the substance/preparation and of the company/undertaking**

**Product:** Henry Schein One Step+ hCG Urine Cassette Test

**DISTRIBUTOR:**

Henry Schein, Inc.  
135 Duryea Road  
Melville, NY 11747

**Further information available from:** (800) 472-4346

**Information in case of emergency:** CHEMTREC, (800) 424-9300

**2. Composition/information on ingredients**

Test Device containing dry reagents (mouse monoclonal anti-hCG antibodies, polyclonal goat anti mouse antibodies and polyclonal goat anti-hCG antibodies, buffers, desiccant). Stored in a sealed foil pouch.

**3. Hazards identification**

Physico-Chemical Hazard: None

Health Hazard: Each Device contains approximately sodium azide concentration = <0.02% (7.5ng/test). It is below the acceptable limit.

Environmental Hazard: None

**4. First-aid measures**

The pouched product is a plastic device with only dry reagents being supplied; therefore accidental contact via spillages, etc. can only occur with the sample tested on the Device. If the user contacts the urine sample, normal personal hygiene measures should be taken.

**5. Fire-fighting measures**

Not Applicable

**6. Accidental release measures**

Not Applicable.

**7. Handling and storage**

Store at 2-30°C.

**8. Exposure controls/personal protection**

Use good laboratory practice, including laboratory gloves and safety spectacles.

**9. Physical and chemical properties**

The product comprises insert membrane and pad materials in which the chemical reagents are supplied in dry form and which, along with desiccant, are housed in a plastic casing and foil pouched. The product is odorless

**10. Stability and reactivity**

Stable under conditions of use until the expiry date indicated on the corresponding label.

## Material Safety Data Sheet for hCG Urine Pregnancy Test Device

---

**11. Toxicological information**

Not Applicable

**12. Ecological information**

Not Applicable.

**13. Disposal considerations**

The used Device should be disposed of via an auto clave or by incineration as for other waste containing biological material.

**14. Transport information**

Not Applicable.

**15. Regulatory information**

Not classified as hazardous according to EEC criteria.

**16. Other information**

None.
