

Hel-Fire

Helena Chemical Company

GENERAL

EPA Registration #		Signal Word	DANGER
Active Ingredient	NA - Aminated phosphoric NA - Sulphurated amides NA - Carboxylic acids NA - Spray deposition aids 90 - Total Active Ingredients	Application Methods	Ground, Chemigation, Air
Label Version	SN 030215	Mode of Action	
Physical State	Liquid (10.26 lb / ga)	Toxic To	None
Product Type	Adjuvant, Buffering Agent, Deposition Aid Agent, Water Conditioning Agent	Rainfastness	

ADDITIONAL INFORMATION

Federally Restricted		Organic Certifications	None
Posting Required		Closed Mixing System Required	
Avoid Grazing	Not Applicable		

CALIFORNIA

Registration #	CA Restricted
CA NOI Required	

REGISTERED FOR USE IN

AK, AL, AR, AZ, CO, CT, DC, DE, FL, GA, HI, IA, ID, IL, IN, KS, KY, LA, MA, MD, ME, MI, MN, MO, MS, MT, NC, ND, NE, NH, NJ, NM, NV, NY, OH, OK, OR, PA, PR, RI, SC, SD, TN, TX, UT, VA, VT, WI, WV, WY

PACKAGE TYPES

2.5 GA Package(s) (2 / Case)	30 GA Package(s)	110 GA Package(s)
250 GA Package(s)		

****Specific Notices will not be shown until a pest is selected.**

SAFETY

PPE Information	Personal Protective Equipment (PPE): Wear protective eyewear (goggles or face shield), chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks. Do not smoke, drink, or eat while using this product. Take off any contaminated clothing and wash before reuse.
Re-Entry PPE Information	No Information Available
Transport Information	UN Proper Shipping Name : Not regulated domestically (highway) if shipped or packaged in containers such as stainless steel or plastic (49 CFR 173.154(d)). Regulated by air (IATA) and vessel (IMDG) as Corrosive Liquid, n.o.s. (contains Monocarbamide dihydrogen sulphate) Transport Hazard Class : Corrosive (8) - IATA/IMDG UN Identification Number : UN1760 - IATA/IMDG Packaging Group : PG III - IATA/IMDG Environmental Hazards : No information found Transport in Bulk : No information found Special Precautions for Transportation : Non-regulated by US ground per 49 CFR 173.154(d). Freight Classification : Fertilizing Compound, (Manufactured Fertilizer), Liquid, NOIBN (NMFC Item 68140, Sub 6, Class 70)
Response Number	800-424-9300
Medical Number	800-424-9300

GENERAL NOTICE 1

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES. Causes severe skin burns and eye damage. Harmful in contact with skin. Harmful if swallowed. May be harmful if inhaled. Wash thoroughly after handling. Do not get in eyes. Avoid contact with skin and clothing. Always wear goggles or face shield when handling this product. Do not breathe spray mist. Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The degree of spray application drift hazards varies with type of pesticide, application conditions, and vegetation near the spray area. Drift minimization is the responsibility of the applicator. Always consult your local and state agricultural authorities for information regarding avoiding or minimizing spray drift. In addition, follow precautionary statements on accompanying pesticide(s) label(s) that are applied with this product. Keep locked up and away from children. FIRST AID IF IN EYES: - Hold eye open and rinse slowly and gently with water for 15-20 minutes. - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. - Call a poison control center or doctor for treatment advice. IF INHALED: - Move person to fresh air. - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. - Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: - Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center or doctor for treatment advice. IF SWALLOWED: - Call a poison control center or doctor immediately for treatment advice. - Rinse mouth. - Do not induce vomiting. - Do not give anything by mouth to an unconscious or convulsing person. HOT LINE NUMBER Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-424-9300 for emergency medical treatment information.

GENERAL NOTICE 2

GENERAL INFORMATION HEL-FIRE(R) is a specialized formulation of deposition agents, activators, and water conditioners designed to enhance the degree and speed of herbicide performance. HEL-FIRE(R) can positively affect both pesticide spray application and pesticide efficacy. HELFIRE(R) can eliminate the antagonistic effects of hard water on herbicide efficacy. HEL-FIRE(R) is designed primarily to be applied with herbicides which utilize glyphosate as the active ingredient. *However, it is also suitable and effective for most pesticides and nutritional products which can be used with wetter/spreader type adjuvants. Optimum application and consequent effects can be influenced by many factors. Therefore, it is recommended that careful observation of the spray deposit be made and the adjuvant rate be adjusted accordingly to ensure thorough coverage without undue runoff. If mixing Sulfonyl-ureas with HEL-FIRE(R) and burn-down herbicides, spray within 24 hours after mixing.

TANK MIX INFORMATION

If mixing Sulfonyl-ureas with HEL-FIRE(R) and burn-down herbicides, spray within 24 hours after mixing.

MIXING

Prior to any pesticide application all spray mixing and application equipment must be thoroughly cleaned. Carefully observe all cleaning directions on the pesticide label.

Do not mix HEL-FIRE(R) with undiluted pesticides.
