

Material Safety Data Sheet

Urinal Cleaner

Revision Date: 6-24-10

Emergency Telephone Number: In case of ingestion,
call Poison Control Center at 1-800-222-1222

1. Company and Product Identification

Company Name and Address: Kohler Company
444 Highland Drive
Kohler, WI 53044

Non-Emergency Phone: 1-800-456-4537 (9:00 am – 5:00 pm CST Monday - Friday)

Contact: Shane Judd

Product name: Urinal Cleaner

Trade Name: Urinal Cleaner

Chemical Name and Synonyms: Aqueous Degreaser

2. Composition

Hazardous Ingredients	Weight Percent	CAS Number	Recommended Limits	
Dipropylene Glycol Methyl Ether	<7 %	34590-94-8	OSHA PEL: 100 ppm	ACGIH TLV: 100 ppm

3. Physical and chemical properties

Appearance: Hazy, clear liquid **Specific Gravity:** 1.012 – 1.017 **Boiling Point:** 212°F **pH:** 6.0 – 6.5 (5% solution)
Odor: Slight **Solubility in Water:** 100% **Freezing Point:** 32°F

4. Health Hazards

Carcinogenicity: This product does not contain any carcinogens listed by OSHA, IARC or NTP at 0.1% or greater.

Routes of entry

Skin: Yes.

Eyes: Yes

Inhalation: Yes.

Ingestion: Possible, but not likely.

Effects of Overexposure

Skin: Acute exposure may cause slight irritation. Chronic exposure may cause dermatitis and may result in skin absorption.

Eyes: May cause irritation, tearing and swelling.

Inhalation: Vapor or mist may cause irritation. Prolonged inhalation may cause coughing, dizziness, and shortness of breath.

Ingestion: May cause gastrointestinal irritation, nausea, weakness and abdominal pain.

5. Exposure Controls

Respiratory Protection: Not normally required in well-ventilated areas. A NIOSH-approved dust/mist respirator may be used if necessary.

Eye Protection: Safety goggles or safety glasses as need to avoid eye contact. Do not wear contact lenses.

Skin Protection: Neoprene gloves and other protective clothing materials as needed to avoid skin contact.

Other Protective Equipment: Eye wash and safety shower if substantial exposure is possible.

Engineering Controls: Good general ventilation should be sufficient to control vapors.

Other Precautions: For industrial and commercial use only.

6. First Aid

Skin Contact: Wash affected area with soap and fresh water. Remove and wash contaminated clothing. Call physician if irritation persists.

Eye Contact: Flush eyes thoroughly with fresh water. Hold lids open while flushing. Call a physician promptly.

Inhalation: Remove affected person to fresh air. Call physician if symptoms persist.

Ingestion: Drink water to dilute. (Never give anything by mouth to an unconscious person.) Do not induce vomiting. Call a physician promptly.

Note to Physician: Treatment of overexposure should be directed at the control of symptoms and the patient's clinical condition.

7. Fire and Explosion Hazards

NFPA Hazard Rating: Health: 1 Flammability: 0 Reactivity: 0

Flashpoint: Over 200° F (TCC)

Flammable Limits: LEL-None Established. UEL-None Established.

Auto-Ignition Temperature: Not applicable

Extinguishing Media: Dry chemical, carbon dioxide, water spray or foam.

Unusual Explosion Hazards: None.

Special Protective Equipment for Firefighters: Wear self-contained breathing apparatus to avoid inhaling decomposition byproducts.

8. Stability and Reactivity

Stability: Stable.

Conditions to Avoid: Excessive heat and ignition sources.

Materials to Avoid: Avoid contact with strong acids, caustics, oxidizers, and reducers. Do not expose to chlorinated products (e.g., bleach).

Hazardous Decomposition Products: Burning can produce carbon monoxide, carbon dioxide, hydrogen sulfide and oxides of sulfur in trace amounts.

Hazardous Polymerization: Will not occur.

Material Safety Data Sheet

Urinal Cleaner

Revision Date: 6-24-10

Emergency Telephone Number: In case of ingestion,
call Poison Control Center at 1-800-222-1222

9. Handling and Storage

Keep material from freezing. Keep containers tightly closed when not in use. Avoid contamination with dirt or other foreign matter. Store in cool and dry area away from open flames, hot surfaces and other sources of ignition. Keep out of direct sunlight. Make sure containers are labeled properly. Read and understand the MSDS before using this product. Should containers be subjected to excessive heat (e.g., fire), cool them with water spray.

10. Accidental Release and Disposal Measures

Spill Procedures: Treat as a non-hazardous oil spill. If large amounts are spilled, contain material and prevent it from reaching storm sewers or public waterways. Absorb with clay or diatomaceous earth.

Disposal Procedures: Recycle or dispose in compliance with federal, state and local regulations. Not expected to be an RCRA-covered substance based on application. Do not re-use empty containers for other purposes. Empty containers must be handled with care due to product residue. Do not dump waste material on the ground, into storm sewers or into public waterways.

11. Ecological Information

Ecotoxicity: Not known but expected to be low because the material is biodegradable and phosphate free.

Environmental Fate: Biodegradable.

Bioaccumulation: Not expected to occur.

12. Transport information

DOT (land): Shipping Name: Non-Regulated

Hazard Classification: N/A

IATA/ICAO (air): Shipping Name: Non-Regulated

Hazard Classification: N/A

IMDG (water): Shipping Name: Non-Regulated

Hazard Classification: N/A

Marine Pollutant: No

13. Other Regulatory Information

CAS Registry Number: Not available - proprietary blend

SARA Section 311/312: No component of this product is listed as an extremely hazardous substance.

SARA Section 313: Not listed

CERCLA Hazardous Substances and Reportable Quantities: Not listed

California Proposition 65: The following statement is made in order to comply with the California Safe Drinking Water and Toxic Enforcement Act of 1986. There are no ingredients in this product which are subject to the reporting requirements of California Proposition 65.

TSCA: All components of this product are listed on the Toxic Substance Control Act (TSCA) Section 8(b) Chemical Inventory and the Canadian Environmental Protection Act (CEPA) provisional domestic substances list (DSL). This product does not contain toxic components on the TSCA Section 12(b) export notification list.

14. Disclaimer

The Material Safety Data Sheet relates only to the specific information contained and does not relate to other materials or processes. The data contained is believed to be correct, current, and presented in good faith. However, because the conditions of use are outside our control, it should not be taken as a warranty or representation, expressed or implied, for which Kohler Company or agents acting on Kohler Company's behalf, assumes legal responsibility. This information is provided solely for your consideration, investigation, and verification. Kohler Company disclaims any liability against infringement of any patent through customer use of any Kohler Company product or process in combination with other materials or processes.

NOTE: Specifications and government regulations may change without notice. This Document should not be regarded as legal advice or regulation. For questions relating to specific aspects of the requirements and regulations, please ask the proper regulatory agency. Always check with your local government or transporter.
