

# Material Safety Data Sheet

## 1. PRODUCT AND COMPANY IDENTIFICATION

**Trade Name:** Odorless Nail Liquid

**Manufacture:** Nail Systems International  
2 Union Hill Road  
W. Conshohocken, PA 19428

**Version Number:** 2

**MSDS Number:** 0400

**Product Code:** Nail Liquid

**Telephone Number:** 610-825-1524 800-354-6741

[www.nsinails.com](http://www.nsinails.com)

**Fax Number:** 610-825-2738

## TELEPHONE NUMBERS – 24 HOUR EMERGENCY ASSISTANCE:

**Infotrac Domestic - 800-535-5053**

**Infotrac International - 352-323-3500**

## 2. COMPOSITIONAL INFORMATION

Ingredient Name	CAS Number	Concentration	Exposure Limits / Health Hazards	
2-Hydroxyethyl Methacrylate	000868-77-9		OSHA VPEL	Not Established
			ACGIH TLV	Not Established
Proprietary Monomer	N/A		OSHA VPEL	Not Established
			ACGIH TLV	Not Established
Triethylene Glycol Dimethacrylate Esters	109-16-0		OSHA VPEL	Not Established
			ACGIH TLV	Not Established
N, N Dimethyl P Toluidine	99-97-8		OSHA VPEL	Not Established
			ACGIH TLV	Not Established
2-(2-Hydroxy-3,5-di-tertamylphenyl)Benzotriazole	25973-55-1		OSHA VPEL	Not Established
			ACGIH TLV	Not Established
2-Hydroxy-4-n-octoxybenzophenone	1843-05-6		OSHA VPEL	Not Established
			ACGIH TLV	Not Established

## 3. FIRE AND EXPLOSION HAZARD INFORMATION

### Extinguishing Media

Use a water spray, dry chemical, alcohol foam or carbon dioxide to extinguish fire.

### Basic Fire Fighting Procedures

Evacuate area and fight fire from a safe distance. Water may be ineffective. Water may be used to keep fire-exposed containers cool until fire is out. Wear self-contained breathing apparatus and full protective clothing.

**NFPA Rating**      Health – 2      Flammability – 1      Reactivity – 2

**Flash Point:** 200° F      ° C

**Auto Ignition Temperature:** Not Available

**Flammability Limits in Air, Lower % by Volume:** Not Available

**Flammability Limits in Air, Upper % by Volume:** Not Available

# Material Safety Data Sheet

## 4. HEALTH HAZARD INFORMATION

**Potential Health Effects, Skin** SLIGHTLY IRRITATING

May cause mild skin irritation. May cause an allergic reaction in some individuals.

**Potential Health Effects, Eye** SLIGHTLY IRRITATING

May cause eye irritation. This information is based on findings from related or similar materials.

**Potential Health Effects, Inhalation** SLIGHTLY TO MODERATELY IRRITATING

Under normal conditions, inhalation is not expected to be a problem. However, respiratory tract irritation may occur if exposed to fumes or mist.

## 5. FIRST AID INFORMATION

**Skin** SLIGHTLY IRRITATING

Remove contaminated clothing and launder before reuse. Wash affected skin areas with soap and water. See a physician if irritation persists.

**Eye** SLIGHTLY IRRITATING

If symptoms develop, move individual away from exposure and into fresh air. Flush eyes gently with water while holding the eyelids apart. If symptoms persist or there is any visual difficulty, seek medical attention.

**Inhalation** SLIGHTLY TO MODERATELY IRRITATING

Move subject to fresh air. If having difficulty breathing, administer oxygen. Give artificial respiration if breathing has stopped. Call a physician.

**Ingestion**

Seek medical attention. If individual is drowsy or unconscious, do not give anything by mouth; place individual on the left side with head down. Contact a physician, medical facility, or poison control center for advice about whether to induce vomiting. If possible, do not leave individual unattended.

## 6. REACTIVITY INFORMATION

**Stability / Incompatibility**

Stable. Incompatible oxidizing agents.

**Hazardous Reactions / Decomposition Products**

May form carbon dioxide and carbon monoxide.

**Hazardous Polymerization**

May occur.

## 7. SPILL OR LEAK PROCEDURES INFORMATION

**Emergency Action**

Eliminate and/or shut off any ignition source and keep ignition sources out of the area. Evacuate the area of all unnecessary personnel. Thoroughly ventilate the area, use self-contained breathing apparatus. Wear protective equipment if exposure conditions warrant.

**Spill or Leak Procedure**

Eliminate and/or shut off any ignition source and keep ignition sources out of the area. Shut off leak if safe to do so. Absorb spill with inert material (e.g. dry sand or earth) then place in a chemical waste container. Use water spray to dilute spill to a nonflammable mixture. Avoid runoff into storm sewers and ditches, which lead to waterways.

# Material Safety Data Sheet

## 8. SPECIAL PROTECTION INFORMATION

### **Skin Protection: Personal Protection Equipments (PPE)**

If skin contact is anticipated, protective clothing, including gloves, should be worn.

### **Eye Protection: Personal Protection Equipments (PPE)**

Wear chemical safety goggles

Have eye-washing facilities readily available where eye contact can occur.

### **Respiratory Protection: Personal Protection Equipments (PPE)**

Good general ventilation should be sufficient to control airborne levels.

## 9. STORAGE AND HANDLING EQUIPMENT

### **Handling**

Wash hands thoroughly before eating, drinking or smoking. Store below 120 degrees F in a tightly closed container in a cool, dry, isolated, well ventilated area, away from heat, ignition sources and incompatibles. Store out of direct sunlight. Use non-sparking tools.

### **Storage**

Store in tightly closed containers in a cool, dry, isolated, well ventilated area away from heat, source of ignition and incompatibles.

## 10. MISCELLANEOUS INFORMATION

### **Disclaimer**

The above information is based on the data of which we are aware and is believed to be correct as the data hereof. Since this information may be applied under conditions beyond our control and which may be unfamiliar and since data made available subsequent to the data hereof may suggest modification of the information, we do not assume any responsibility for the results of its use. This information is furnished upon condition that the person receiving it shall make his or her own determination of the suitability of the material for his /her particular purpose.
