| Storage:                                | Not applicable.             |  |
| Disposal:                               | Not applicable.             |  |

## Hazards Not Otherwise Classified: Not applicable.

Ingredients with Unknown Toxicity: None.

This material is not considered hazardous by the OSHA Hazard Communication Standard, (29 CFR 1910.1200).

This material is not considered hazardous by the Hazardous Products Regulations, 2015.

Note:

This Safety Data Sheet (SDS) has been prepared in accordance with standards for workplace safety, which require the inclusion of all known hazards of the active substance(s) or their intermediates. The precautionary statements and warnings included may not apply in all cases. Your needs may vary depending upon the potential for exposure in your workplace.

Date of Preparation: August 31, 2015

| Section 3: COMPOSITION / INFORMATION ON INGREDIENTS  |   |   |                     |            |
|--|---|---|---------------------|------------|
| Hazardous Ingredien  | it(s)   | Common name /                                     | CAS No.             | % wt./wt.  |
| Boric acid (H3BO3)   |   | <b>Synonyms</b><br>Not available.                 | 10043-35-3          | 1 - 2      |
|  | Section 4   | 4: FIRST-AID MEASURES                             |                     |            |
| Inhalation:  | If inhaled: Call a po   | bison center or doctor if                         | you feel unwell.    |            |
| Acute and delayed symptoms and effects: May cause respiratory irritation.<br>Signs/symptoms may include cough, sneezing, nasal discharge,<br>headache, hoarseness, and nose and throat pain.   |   |   |                     |            |
| Eye Contact:   | <b>ye Contact:</b> If in eyes: Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center or doctor if you feel unwell.  |   |                     |            |
| Acute and delayed symptoms and effects: This product is used as<br>medicinal eye drops. Adverse effects associated with the therapeutic use<br>of this product may include minor burning, stinging or redness of the eye,<br>and transient dilation of pupils. |   |   |                     |            |
| Skin Contact:  | If on skin: Wash with plenty of water. Call a poison center or doctor if you feel unwell.   |   |                     |            |
| Acute and delayed symptoms and effects: Contact with large amounts of this product may cause skin irritation. Signs/symptoms may include localized redness, swelling, and itching.   |   |   |                     |            |
| Ingestion:   | stion:If swallowed: Call a poison center or doctor if you feel unwell. If vomiting<br>occurs naturally, have victim lean forward to reduce the risk of aspiration.<br>Do NOT induce vomiting unless directed to do so by medical personnel.<br>Never give anything by mouth to an unconscious person. |   |                     |            |
| Acute and delayed symptoms and effects: May cause gastrointestinal irritation. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.  |   |   |                     |            |
| General Advice:  |   | or if you feel unwell, se<br>SDS where possible). | ek medical advice i | mmediately |
| Note to Physicians:  | Symptoms may no   | t appear immediately.                             |                     |            |
| Section 5: FIRE-FIGHTING MEASURES  |   |   |                     |            |

## FLAMMABILITY AND EXPLOSION INFORMATION

Not flammable or combustible by OSHA/WHMIS criteria.

| Sensitivity to Mechanical Impact:<br>Sensitivity to Static Discharge: | This material is not sensitive to mechanical impact.<br>This material is not sensitive to static discharge.        |
|---|--|
| MEANS OF EXTINCTION<br>Suitable Extinguishing Media:                  | Dry chemical, CO2, water spray, fog or regular foam. Move containers from fire area if you can do it without risk. |
| Unsuitable Extinguishing Media:                                       | Not available.   |

| UNITED EXCHANGE CORP.<br>SAFETY DATA SHEET | Original Redness Relief Eye Drops 0.5 oz (NBE Visine Original)<br>Date of Preparation: August 31, 2015   |  |  |
| Products of Combustion:                    | Oxides of boron.   |  |  |
| Protection of Firefighters:                | Wear positive pressure self-contained breathing apparatus (SCBA). Structural firefighters' protective clothing will only provide limited protection. |  |  |
| Sec  | ction 6: ACCIDENTAL RELEASE MEASURES   |  |  |
| Emergency Procedures:                      | Keep unauthorized personnel away. Stay upwind. Keep out of low areas. Ventilate closed spaces before entering.                                       |  |  |
| Personal Precautions:                      | Do not touch or walk through spilled material. Use personal protection recommended in Section 8.   |  |  |
| Environmental Precautions:                 | Keep out of drains, sewers, ditches, and waterways.  |  |  |
| Methods for Containment:                   | Stop leak if without risk. Do not flush to sewer or allow to enter waterways.  |  |  |
| Methods for Clean-Up:                      | Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers.   |  |  |
| Other Information:                         | See Section 13 for disposal considerations.  |  |  |
|  | Section 7: HANDLING AND STORAGE  |  |  |

#### Handling:

Do not swallow. Avoid breathing mist, vapours, or spray. Avoid contact with eyes, skin, or clothing. See Section 8 for information on Personal Protective Equipment.

## Storage:

Store in a cool, dry, well-ventilated area. Store at temperatures between 15 to 25 °C (59 to 77 °F). Store away from incompatible materials. See Section 10 for information on Incompatible Materials. Keep out of the reach of children.

# Section 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

#### Exposure Guidelines Component

Boric acid [CAS No. 10043-35-3]

**ACGIH:** 2 mg/m<sup>3</sup> (TWA); 6 mg/m<sup>3</sup> (STEL); A4; Inhalable fraction (2004) **OSHA:** No PEL established.

PEL: Permissible Exposure Limit TWA: Time-Weighted Average STEL: Short-Term Exposure Limit

## Engineering Controls:

Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapour, gas, etc.) below recommended exposure limits.

Date of Preparation: August 31, 2015

PERSONAL PROTECTIVE EQUIPMENT (PPE)

**Eve/Face Protection:** Wear safety glasses or chemical safety goggles. Use equipment for eye protection that meets the standards referenced by CSA Standard CAN/CSA-Z94.3-92 and OSHA regulations in 29 CFR 1910.133 for Personal Protective Equipment. Hand Protection: Wear protective gloves. Consult manufacturer specifications for further information. Skin and Body Protection: Wear protective clothing. **Respiratory Protection:** If engineering controls and ventilation are not sufficient to control exposure to below the allowable limits then an appropriate NIOSH/MSHA approved air-purifying respirator that meets the requirements of CSA Standard CAN/CSA-Z94.4-11, or self-contained breathing apparatus must be used. Supplied air breathing apparatus must be used when oxygen concentrations are low or if airborne concentrations exceed the limits of the air-purifying respirators. **General Hygiene Considerations:** Handle according to established industrial hygiene and safety practices. Consult a competent industrial hygienist to determine hazard potential and/or the PPE manufacturers to

Section 11: TOXICOLOGICAL INFORMATION

#### **EFFECTS OF ACUTE EXPOSURE Product Toxicity** Oral: Not available. Dermal: Not available. Inhalation: Not available. **Component Toxicity** Component LC50 CAS No. LD<sub>50</sub> oral LD<sub>50</sub> dermal Not available. Boric acid 10043-35-3 2660 mg/kg (rat) Not available.

Likely Routes of Exposure: Eye contact. Skin contact. Inhalation. Ingestion.

Date of Preparation: August 31, 2015

**Target Organs:** 

Skin. Eyes. Gastrointestinal tract. Respiratory system. Spleen. Reproductive system.

## Symptoms (including delayed and immediate effects)

- **Inhalation:** May cause respiratory irritation. Signs/symptoms may include cough, sneezing, nasal discharge, headache, hoarseness, and nose and throat pain.
- **Eye:** This product is used as medicinal eye drops. Adverse effects associated with the therapeutic use of this product may include minor burning, stinging or redness of the eye, and transient dilation of pupils.
- **Skin:** Contact with large amounts of this product may cause skin irritation. Signs/symptoms may include localized redness, swelling, and itching.
- **Ingestion:** May cause gastrointestinal irritation. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.

| Skin Sensitization:                           | Not available. |

| <b>Respiratory Sensitization:</b>             | Not available. |
| Medical Conditions<br>Aggravated By Exposure: | Not available. |

## EFFECTS OF CHRONIC EXPOSURE (from short and long-term exposure)

- Target Organs:Skin. Eyes. Gastrointestinal tract. Respiratory system. Liver.<br/>Reproductive system.
- **Chronic Effects:** Prolonged or repeated contact may dry skin and cause irritation. Symptoms of chronic poisoning by boron compounds, borism, vary from dry skin and mucous membranes to appearance of a red tongue, patchy alopecia (hair loss), cracked lips, and conjunctivitis. Infants and young children are more susceptible to boric acid poisoning than adults.
- **Carcinogenicity:** Product is not classified as a carcinogen. See Component Carcinogenicity table below for information on individual components.
