WM2

Product Name: Perfect Plus Laundry Concentrate

Date Prepared: May 11, 2000

Hazardous Ingredients

Sodium dodecyl benzene sulfonate
As a help to health care and safety personnel, this product also contains sodium carbonate sodium silicates.

Physical/Chemical Characteristics

Solubility in water: about 15%
Appearance and odor: blue crystalline solid, lemon odor

Fire And Explosion Hazard Data

Flammability: not flammable in normal circumstances.
Extinguishing media: regular foam or carbon dioxide or dry chemical.
Hazardous decomposition products: may form toxic materials: carbon dioxide and carbon monoxide, various hydrocarbons, etc.
Unusual fire & explosion hazards: as with any organic containing product never use welding or cutting torch on or near drum (even empty) because product (even just residue) can ignite explosively.

Reactivity Data

Hazardous polymerization: cannot occur
Stability: stable
Incompatibility: avoid contact with strong oxidizing agents.

Health hazard data:

Inhalation: may have irritating dust.
Skin contact: may irritate the skin, especially sensitive skin or prolonged contact.
Eye contact: contact can cause irritation to the eyes.
Ingestion: can cause irritation of mucous membranes

Emergency And First Aid Procedures:

Eyes: immediately flush with plenty of water for at least 15 minutes holding eyelids apart to ensure flushing of entire eye surface. Seek medical attention.
Skin: wash off with water.
Inhalation: remove person from area to fresh air.
Ingestion: if swallowed do not induce vomiting. Give large quantities of water. Consult a physician.

Spill Or Leak Procedures

Steps to be taken if material is released or spilled: Clean up spills by sweeping up or shoveling up material. Then flush spill area with water.

Waste disposal method: dispose in accordance with the federal, state and local regulations concerning health and pollution.

Industrial Hygiene Control Measures

Specific personal protective equipment:
Respiratory: dust mask if dust is excessive.

Eye: eye protection is recommended in all industrial workplaces.
Gloves: gloves should be worn when excessive skin contact cannot be avoided.

Special precautions or other comments: containers of this material may be hazardous when emptied since emptied containers retain product residues (vapor, liquid and/or solid), all hazard precautions given in the data sheet must be observed.

Note:

The information accumulated herein is believed to be efficacious and accurate; however, no warranty is made with respect thereto. Recipients are advised to confirm in advance of need that the information is current, applicable, and suitable to their circumstances.

Prepared to comply with the OSHA hazard communication standard (29CFR1910.1200)
