# MATERIAL SAFETY DATA SHEET

---

Engineering Controls: Use exhaust ventilation to keep airborne concentrations below exposure limits.

## Personal Protective Equipment

Skin Protection: Wear chemically inert gloves and apron when skin contact is possible due to splashing or spraying of the material.

Eye Protection: Wear goggles or a face shield when eye and face contact is possible due to splashing or spraying of the material.

Inhalation: A NIOSH-approved air purifying respirator with an organic cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air purifying respirators is limited.
