

## Safety Data Sheet

### Section 1: Identification

#### Product identifier

##### Product Name

- **Tretinoin gel microsphere, 0.04-0.1%**

##### Product Code

- NDC 68682-0513-82 (0.01% - 25 g tube); NDC 68682-0513-84 (0.1% - 45 g tube); NDC 68682-0513-85 (0.1% - 50 g pump); NDC 68682-0514-92 (0.04% - 20 g tube); NDC 68682-0514-94 (0.04% - 45 g tube); NDC 68682-0514-95 (0.04% - 50 g pump)

##### Product Description

- Prescription pharmaceutical product. For treatment of acne.

#### Relevant identified uses of the substance or mixture and uses advised against

##### Recommended use

- Finished Pharmaceutical Product

##### Restrictions on use

- Refer to the product insert and/or prescribing information for restrictions on use and contraindications.

#### Details of the supplier of the safety data sheet

##### Manufacturer

- Oceanside Pharmaceuticals, a division of Valeant Pharmaceuticals N. America, LLC  
400 Somerset Corporate Blvd.  
Bridgewater, NJ 08807  
United States  
valeant.com

Telephone (General) • 1-800-321-4576

#### Emergency telephone number

##### Manufacturer

- 1-800-535-5053 - US - Infotrac

##### Manufacturer

- +1 352-323-3500 - International - Infotrac

*This safety data sheet is written to provide health, safety and environmental information for people handling this formulated product in the workplace. It is not intended to provide information relevant to consumer use of the product.*

### Section 2: Hazard Identification

#### UN GHS

According to: UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS)

#### Classification of the substance or mixture

##### UN GHS

- Skin Irritation 2  
Eye Irritation 2A  
Reproductive Toxicity 2

#### Label elements

##### UN GHS

#### WARNING

**Hazard statements** • Causes skin irritation

Causes serious eye irritation  
Suspected of damaging fertility or the unborn child.

## Precautionary statements

**Prevention** • Do not handle until all safety precautions have been read and understood.  
Wash thoroughly after handling.  
Wear protective gloves/protective clothing/eye protection/face protection.

**Response** • IF exposed or concerned: Get medical advice/attention.  
IF ON SKIN: Wash with plenty of soap and water.  
If skin irritation occurs: Get medical advice/attention.  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
If eye irritation persists: Get medical advice/attention.  
Take off contaminated clothing and wash before reuse.

**Storage/Disposal** • Keep tightly closed. Store at controlled room temperature 20-25°C/68-77°F (excursions permitted to 15-30°C/59-86°F), to maintain product integrity. Use before date marked on carton and/or container.  
Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

## Other hazards

### UN GHS

- No data available

## Section 3 - Composition/Information on Ingredients

### Substances

- Material does not meet the criteria of a substance according to United Nations Globally Harmonized System of Classification and Labelling of Chemicals (GHS)

### Mixtures

Composition		
Chemical Name	Identifiers	%
Benzyl alcohol	CAS:100-51-6 EINECS:202-859-9	< 1%
Butylated hydroxytoluene	CAS:128-37-0 EINECS:204-881-4	N/A
Carbomer homopolymer	CAS:9003-01-4	N/A
Cyclomethicone and dimethicone copolyol	CAS:556-67-2 EINECS:209-136-7	N/A
Edetate disodium	CAS:139-33-3 EINECS:205-358-3	0.01%
Glycerin	CAS:56-81-5 EINECS:200-289-5	N/A
Methyl methacrylate/glycol dimethacrylate crosspolymer (MICROSPONGE® System)	CAS:25777-71-3	11%
PPG-20 methyl glucose ether distearate	CAS:61849-72-7	4.75%
Propylene glycol	CAS:57-55-6 EINECS:200-338-0	N/A
Sorbic acid	CAS:22500-92-1	0.125% TO 0.175%
Tretinoin	CAS:302-79-4 EINECS:206-129-0	0.04% TO 0.1%
Trolamine	CAS:102-71-6 EINECS:203-049-8	N/A

Water	CAS:7732-18-5 EINECS:231-791-2	N/A
-------	-----------------------------------	-----

N/A - Designates that the chemical percentage of composition is not available as it is considered a trade secret.

## Section 4: First-Aid Measures

### Description of first aid measures

- Inhalation**
- Normal use of this product does not pose an inhalation hazard. However, should respiratory tract irritation develop, discontinue use and remove to fresh air. Get medical attention if irritation or other symptoms develop or persist.
- Skin**
- For accidental and non-therapeutic exposures, immediately flush skin with large amounts of water. Remove contaminated clothing. If irritation (redness, rash, blistering) develops, get medical attention. If skin irritation occurs: Get medical advice/attention. Wash clothing separately before reuse.
- Eye**
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
- Ingestion**
- If swallowed, wash out mouth with water provided person is conscious. Seek medical attention.

### Most important symptoms and effects, both acute and delayed

- No data available

### Indication of any immediate medical attention and special treatment needed

### Other information

- Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Additional details are available on the product package insert or the Physicians Desk Reference.

## Section 5: Fire-Fighting Measures

### Extinguishing media

- Suitable Extinguishing Media**
- SMALL FIRES: Dry chemical, CO<sub>2</sub>, water spray or regular foam.  
LARGE FIRE: Water spray, fog or regular foam.

- Unsuitable Extinguishing Media**
- No data available

- Firefighting Procedures**
- As in any fire, wear self-contained breathing apparatus and full protective gear to prevent contact with skin and eyes.

### Special hazards arising from the substance or mixture

- Unusual Fire and Explosion Hazards**
- None known - product is not flammable or combustible.

- Hazardous Combustion Products**
- No data available

### Advice for firefighters

- Structural firefighters' protective clothing provides limited protection in fire situations ONLY; it is not effective in spill situations where direct contact with the substance is possible.

## Section 6 - Accidental Release Measures

### Personal precautions, protective equipment and emergency procedures

**Personal Precautions**

- Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Evacuate immediate area. Ventilate enclosed areas.

**Emergency Procedures**

- Keep unauthorized personnel away. For bulk material spills: Contain spilled product. For small spills, add suitable absorbent material. Scoop up and place in an appropriate liquid-tight container equipped with a tight cover for disposal. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. Place spilled material in an appropriate, liquid-tight container equipped with a tight cover for disposal. Ventilate closed spaces before entering.

**Environmental precautions**

- Prevent spilled material from entering storm sewers or drains, waterways, and contact with soil.

**Methods and material for containment and cleaning up****Containment/Clean-up Measures**

- Isolate hazard area. Prevent from entering drains and sewers. Cover with vermiculite or other suitable inert material, pick up and place in closed containers. Transport outdoors and hold for waste disposal. Ventilate area and wash spill site after material pickup is complete. Refer to Section 13 for appropriate disposal procedures.

**Reference to other sections**

- Refer to Section 8 - Exposure Controls/Personal Protection and Section 13 - Disposal Considerations.

**Section 7 - Handling and Storage****Precautions for safe handling****Handling**

- Use only in well ventilated areas (preferably in a chemical fume hood). Do not breathe dusts, vapors or mists. Do not get in eyes, on skin, or on clothing. Avoid prolonged or repeated exposure. Wash thoroughly after handling. Use good safety and industrial hygiene practices.

**Conditions for safe storage, including any incompatibilities****Storage**

- Keep tightly closed. Store at controlled room temperature 20-25°C/68-77°F (excursions permitted to 15-30°C/59-86°F), to maintain product integrity. Use before date marked on carton and/or container.

**Section 8 - Exposure Controls/Personal Protection****Control parameters****Exposure Limits/Guidelines**

- Refer to the occupational exposure limits / guidelines for the individual product components.

Exposure Limits/Guidelines						
	Result	ACGIH	Canada Quebec	NIOSH	OSHA	Other Agency Information
Butylated hydroxytoluene (128-37-0)	STELs	Not established	10 mg/m3 STEV	Not established	Not established	Not established
	TWAs	2 mg/m3 TWA (inhalable fraction and vapor)	Not established	10 mg/m3 TWA	Not established	Not established
Trolamine (102-71-6)	TWAs	5 mg/m3 TWA	5 mg/m3 TWAEV	Not established	Not established	Not established
Benzyl alcohol (100-51-6)	TWAs	Not established	Not established	Not established	Not established	10 ppm TWA
Cyclomethicone and dimethicone copolyol (556-67-2)	TWAs	Not established	Not established	Not established	Not established	10 ppm TWA

Propylene glycol (57-55-6)	TWAs	Not established	Not established	Not established	Not established	10 mg/m3 TWA
Glycerin (56-81-5)	TWAs	Not established	10 mg/m3 TWAEV (mist)	Not established	15 mg/m3 TWA (mist, total particulate); 5 mg/m3 TWA (mist, respirable fraction)	Not established

## Exposure Control Notations

### ACGIH

- Butylated hydroxytoluene (128-37-0): **Carcinogens:** (A4 - Not Classifiable as a Human Carcinogen)

## Exposure controls

### Engineering Measures/Controls

- NO SPECIAL CONTROLS ARE REQUIRED UNDER CONDITIONS OF INTENDED USE. Local exhaust ventilation should be provided when handling bulk product.

### Personal Protective Equipment

#### Pictograms

#### Respiratory

- Where risk assessment shows that air-purifying respirators are appropriate, a NIOSH (US) or CEN (EU) -certified air-purifying respirator equipped with HEPA and organic vapor cartridges may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits, when adequate oxygen is present and as a backup to engineering controls. Use a positive pressure air-supplied respirator if there is any potential for an uncontrolled release or any other circumstances where air purifying respirators may not provide adequate protection.

#### Eye/Face

- Wear protective eyewear (goggles, face shield, or safety glasses) when handling bulk product before closed in final packaging. Not required during normal clinical use.

#### Hands

- Wear protective gloves .

#### Skin/Body

- Wear protective gloves/protective clothing/eye protection/face protection. Not required during normal clinical use.

### General Industrial Hygiene Considerations

- Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke during work. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling.

### Environmental Exposure Controls

- No special controls are required under conditions of intended use. In the event of a bulk spill, prevent spilled material from entering storm sewers or drains, waterways, and contact with the soil.

## Section 9 - Physical and Chemical Properties

### Information on Physical and Chemical Properties

Material Description			
Physical Form	Liquid	Appearance/Description	Light yellow gel.
Color	light yellow.	Odor	Not relevant
General Properties			
Boiling Point	No data available	Melting Point/Freezing Point	No data available
Decomposition Temperature	No data available	pH	No data available
Specific Gravity/Relative Density	No data available	Water Solubility	No data available
Viscosity	No data available		
Volatility			
Vapor Pressure	No data available	Vapor Density	No data available
Evaporation Rate	No data available		
Flammability			
Flash Point	No data available		

**Environmental**

Octanol/Water Partition coefficient	No data available		
-------------------------------------	-------------------	--	--

**Section 10: Stability and Reactivity****Reactivity**

- No dangerous reaction known under conditions of normal use.

**Chemical stability**

- Stable under normal temperatures and humidities.

**Possibility of hazardous reactions**

- No data available

**Conditions to avoid**

- Extreme heat or cold. Do not freeze.

**Incompatible materials**

- Strong oxidizing agents. Acids.

**Hazardous decomposition products**

- No data available

**Section 11 - Toxicological Information****Information on toxicological effects**

Components		
Tretinoin (0.04% TO 0.1%)	302- 79-4	<b>Acute Toxicity:</b> Ingestion/Oral-Rat LD50 • 2 g/kg; <b>Irritation:</b> Skin-Human • 0.05 % 24 Hour(s) • Mild irritation; <b>Reproductive:</b> Skin-Rat TDLo • 27500 µg/kg (6-16D preg); <i>Reproductive Effects:Maternal Effects:Other effects;</i> <i>Reproductive Effects:Specific Developmental Abnormalities:Musculoskeletal system;</i> Skin-Rat TDLo • 55 mg/kg (6- 16D preg); <i>Reproductive Effects:Effects on Embryo or Fetus:Fetotoxicity (except death, e.g., stunted fetus);</i> <b>Tumorigen / Carcinogen:</b> Skin-Mouse TDLo • 8400 mg/kg 30 Week(s)-Intermittent; <i>Tumorigenic:Neoplastic by RTECS</i> <b>criteria; Skin and Appendages:After systemic exposure:Photosensitivity; Skin and Appendages:Other:Tumors</b>

GHS Properties	Classification
Respiratory sensitization	UN GHS • Classification criteria not met
Serious eye damage/Irritation	UN GHS • Eye Irritation 2A
Acute toxicity	UN GHS • Classification criteria not met
Aspiration Hazard	UN GHS • Classification criteria not met

**Potential Health Effects****Inhalation**

- Acute (Immediate)** • No data available
- Chronic (Delayed)** • No data available

**Skin**

- Acute (Immediate)** • Causes skin irritation. This medicine causes increased sensitivity to sunlight.
- Chronic (Delayed)** • Repeated and prolonged exposure may cause sensitization. Refer to the product insert and/or product prescribing information for comprehensive information regarding adverse reactions and other important symptoms and effects.

**Eye**

- Acute (Immediate)** • Causes serious eye irritation.
- Chronic (Delayed)** • No data available

**Ingestion**

- Acute (Immediate)** • Not expected to be an exposure route. However, may cause gastric and intestinal irritation if ingested.
- Chronic (Delayed)** • No data available

**Carcinogenic Effects**

- Studies in hairless albino mice with a different formulation suggest that concurrent exposure to tretinoin may enhance the tumorigenic potential of carcinogenic doses of UVB and UVA light from a solar simulator. Although the significance of these studies to humans is not clear, exposure to sunlight or artificial irradiation sources should be minimized.

<b>Carcinogenic Effects</b>			
	<b>CAS</b>	<b>IARC</b>	<b>NTP</b>
Butylated hydroxytoluene	128-37-0	Group 3-Not Classifiable	Evidence of Carcinogenicity
Tretinoin	302-79-4	Not Listed	Evidence of Carcinogenicity
Trolamine	102-71-6	Group 3-Not Classifiable	Evidence of Carcinogenicity
Carbomer homopolymer	9003-01-4	Group 3-Not Classifiable	Not Listed
Benzyl alcohol	100-51-6	Not Listed	Evidence of Carcinogenicity

**Reproductive Effects**

- Oral tretinoin has been shown to be teratogenic in rats, mice, rabbits, hamsters, and subhuman primates. Tretinoin was teratogenic in Wistar rats when given orally or topically in doses greater than 1 mg/kg/day (8 times the maximum human systemic dose normalized for total body surface area). However, variations in teratogenic doses among various strains of rats have been reported. Topical tretinoin in a different formulation has generated equivocal results in animal teratogenicity tests. There is evidence for teratogenicity of topical tretinoin in Wistar rats at doses greater than 1 mg/kg/day (approximately 8 times the clinical dose assuming 100% absorption and based on body surface area comparison). Topical tretinoin has been shown to be fetotoxic in rabbits when administered in doses 8 times the clinical dose based on body surface area comparison.

**Section 12 - Ecological Information****Toxicity**

- This material has not been tested for environmental effects.

**Persistence and degradability**

- No data available

**Bioaccumulative potential**

- No data available

**Mobility in Soil**

- No data available

## Other adverse effects

### Section 13 - Disposal Considerations

#### Waste treatment methods

##### Product waste

- Waste characterizations and compliance with applicable laws are the responsibility solely of the waste generator.

##### Packaging waste

- Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

### Section 14 - Transport Information
