

## SECTION 1 - IDENTIFICATION

**Product identifier/Trade name:** SAFEBLEND GLASS AND MULTI-SURFACE CLEANER, READY TO USE

**Other means of identification:** WRBX

**Recommended use and restriction on use:** Glass and multi-surface cleaner, ready to use

**Restriction on use:** For industrial, institutional and food plants use only.

**Initial supplier identifier:** Chemotec (PM) Inc.  
8820 Place Ray-Lawson  
Anjou, Quebec, Canada H1J 1Z2  
Phone: (514) 729-6321; 1-800-729-6321

**Emergency phone number:** (613) 996-6666 (CANUTEC)

## SECTION 2 - HAZARDS IDENTIFICATION

### 2a WHMIS 2015 - GHS (Globally Harmonized System) classification

This product is not classified as dangerous as per GHS criteria.

### 2b Label elements

None

### Precautionary statement

None as per GHS

### Signal word:

None as per GHS

### Hazard statement

None as per GHS

### SECTION 3 - COMPOSITION / INFORMATION ON INGREDIENTS

| Ingredients                         | CAS # | % (weight) | GHS CLASSIFICATION |
|-------------------------------------|-------|------------|--------------------|
| No hazardous ingredients as per GHS |       |            |                    |

### SECTION 4 - FIRST AID MEASURES

#### 4a Description of first aid measures

**Eye contact:**

Flush or rinse eyes with water after contact. If eye irritation persists, get medical advice.

**Skin contact:**

Rinse thoroughly with water. If irritation occurs, get medical advice.

**Inhalation:**

No effect expected.

**Ingestion:**

Rinse mouth with water. Never give anything by mouth if the person is unconscious.

#### 4b Most important symptoms and effects

**Eye:** May cause slight irritation and tearing.

**Skin:** Not applicable

**Inhalation:** No effect expected.

**Ingestion:** May cause slight irritation, headache, abdominal pain, diarrhoea, nausea and vomiting.

#### 4c Immediate medical attention and special treatment needed

No special treatment

### SECTION 5 - FIRE FIGHTING MEASURES

#### 5a Extinguishing media

Suitable extinguishing media:

Water (if possible avoid powerful jets), foam, dry chemicals, carbon dioxide. Product itself is not flammable.

Unsuitable extinguishing media:

None known.

#### Specific hazards for product

Hazardous combustion products:

Oxides of carbon, nitrogen and other irritating gases.

#### Special protective equipment and precautions for firefighters

Special fire-fighting procedures/equipment:

During a fire, irritating smoke and fumes may be generated. A self-contained breathing apparatus is required for fire-fighting personnel to protect themselves from irritating products produced during the combustion. Move containers from fire area if it can be done without risk. A stream of water directed into the product generates a lot of foam.

## SECTION 6 - ACCIDENTAL RELEASE MEASURES

### 6a Personal precautions, protective equipment and emergency procedures

Personal protection:

Avoid contact with eyes. Use adequate aeration and ventilation. Floor will be slippery in case of a spill. Use appropriate personal protection equipment (see section 8)

### 6b Methods and materials for containment and cleaning:

Stop the leak. For large spills, pump the product into drums or clean up spills using absorbent material. Resume cleaning by rinsing with water. Caution: floors will be slippery.

### 6c Environmental precautions:

Product is biodegradable. Do not let large quantities go to the sewers.

## SECTION 7 - HANDLING AND STORAGE

### 7a Precautions for Safe handling:

Avoid contact with eyes. When used as directed, no special precautions.

### 7b Condition for safe storage:

Store in a sealed container in a well-ventilated place. Do not store with food products. Keep from freezing.

### 7c Special packaging materials: none.

No incompatibility with most materials found in most workplaces.

## SECTION 8 - EXPOSURE CONTROLS AND PERSONAL PROTECTION

### 8a Control parameters

|                          | Ontario Time-weighted Average Limit (TWA) | Ontario Short-Term Exposure Limit (STEL) | Notations |
|--------------------------|---|--|-----------|
| No regulated ingredients |   |  |           |

### 8b Engineering controls:

Not required under normal applications.

### 8c Individual protection measures

Respiratory Protection:

Not required under normal applications.

Skin protection and other protective equipment:

Waterproof boots for large spills. In case of prolonged contact or for people with sensitive skin, we recommend wearing gloves.

Eye / face protection:

Not required under normal applications.

General hygiene considerations:

**KEEP OUT OF REACH OF CHILDREN.** Avoid contact with eyes. Never eat, drink, or smoke in work areas.

## SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

|   |                                 |
|---|---------------------------------|
| <b>Appearance and odour:</b>                              | Blue liquid, no added fragrance |
| <b>Odour threshold:</b>                                   | N/Av                            |
| <b>pH :</b>   | 11                              |
| <b>Melting point and freezing point:</b>                  | Approximately 0 °C              |
| <b>Boiling point:</b>                                     | Approximately 100 °C            |
| <b>Flash point:</b>                                       | None to boil                    |
| <b>Evaporation rate (n-BuAc =1):</b>                      | Approximately 0.4 (water)       |
| <b>Lower flammable limit (% by volume):</b>               | N/Av                            |
| <b>Upper flammable limit (% by volume):</b>               | N/Av.                           |
| <b>Explosion data - Sensitivity to mechanical impact:</b> | Not sensitive                   |
| <b>Explosion data - Sensitivity to static discharge:</b>  | Not sensitive                   |
| <b>Vapour pressure (mm Hg)</b>                            | Approximately 20 (water)        |
| <b>Vapour density:</b>                                    | Approximately 0.6 (water)       |
| <b>Specific gravity or density (water = 1 at 4 °C):</b>   | 1.0 g/cm <sup>3</sup> @ 20 °C   |
| <b>Solubility in water:</b>                               | Miscible                        |
| <b>Partition coefficient – n-octanol/water:</b>           | Not available                   |
| <b>Auto-ignition temperature:</b>                         | Not available                   |
| <b>Decomposition temperature</b>                          | Not available                   |
| <b>Viscosity:</b>   | <100 cps @ 25 °C                |

## SECTION 10 - STABILITY AND REACTIVITY

### 10a Reactivity:

Not applicable when used as directed.

### 10b Chemical stability :

Stable at room temperature, in normal handling and storage conditions.

### 10c Possibility of hazardous reactions:

None known.

### 10d Conditions to avoid:

None known when used as directed

### 10e Incompatible materials

None known when used as directed

### 10 f Hazardous decomposition products:

Oxides of carbon, nitrogen and other irritating gases.

## SECTION 11 - TOXICOLOGICAL INFORMATION

**Primary entry route(s):** Eye and ingestion.

**Eye:** May cause irritation and tearing.

**Skin:** Not applicable

**Inhalation:** No effect expected.

**Ingestion:** May cause slight irritation, headache, abdominal pain, diarrhoea, nausea and vomiting.

### Carcinogenicity:

No ingredient listed by IARC as a possible carcinogen.

### Teratogenicity, mutagenicity, other reproductive effects:

Mutagenic tests have been negative for ingredients

### Skin sensitization:

Ingredients not sensitizing as per OECD 406

### Respiratory tract sensitization:

Not available

### Synergistic materials:

Not available

### Other important hazards:

Not available

**Material Safety Data Sheet: SAFEBLEND GLASS AND MULTI-SURFACE CLEANER, READY TO USE**

**Toxicological data:** The calculated LD<sub>50</sub> for this product is greater than 10,000 mg/Kg, oral, rat; our products are not tested on animals.

| Ingredient    | LD <sub>50</sub> (route, species) | LC <sub>50</sub> # hours (species) |
|---------------|-----------------------------------|------------------------------------|
| Not available |                                   |                                    |

For more details, refer to Section 3.

**SECTION 12 - ECOLOGICAL INFORMATION****12a Ecotoxicity :**

| TOXICITY (Fish) | Results | Exposure time | Method |
|-----------------|---------|---------------|--------|
| Not available   |         |               |        |

| TOXICITY (Daphnia) | Results | Exposure time | Method |
|--------------------|---------|---------------|--------|
| Not available      |         |               |        |

| TOXICITY (Algae) | Results | Exposure time | Method |
|------------------|---------|---------------|--------|
| Not available    |         |               |        |

**12b Persistence and degradability:** Product is expected to be readily biodegradable as per OECD 301.

**12c Bioaccumulation potential:** Not available

**12d Mobility in soil:** There is no test data on this product.

**12e Other adverse effect** No applicable information found

**SECTION 13 - DISPOSAL CONSIDERATIONS**

Eliminate according to federal, provincial and local regulations.

**SECTION 14 - TRANSPORTATION INFORMATION****Transportation of Dangerous Goods (TDG) in Canada :**

Not regulated

UN number

Not applicable

Proper shipping name:

Not applicable

Class:

Not applicable

Identification number:

Not applicable

Packing group:

Not applicable

Special case:

Not applicable

**SECTION 15 - REGULATORY INFORMATION**

**In Canada**

**WHMIS information:**

This product has been classified in accordance with the hazard criteria of the Hazardous Products Regulations (HPR) and this safety data sheet (SDS) contains all the information required by the HPR.

**WHMIS 2015**

**Classification:**

See section 2a.

**CEPA information:**

Ingredients are listed on the DSL inventory.

|                                       |
