

MSDS - Material Safety Data Sheet

SECTION 1: IDENTIFICATION

Emergency Telephone Number:

Product Name: Peach Moisture Soak
Manufacturer's Name: Tammy Taylor Nails, Inc.
Address: 18007 Sky Park Cir., Suite E
City, State, Zip: Irvine, CA. 92614
Business Telephone: 949-250-9287
Product Ingredients: Water, sodium hydroxide, glycerine, oleic acid, peach fragrance, color.

CHEMTREC: 1-800-424-9300

SECTION 2: PHYSICAL DATA

Specific Gravity 25/25 : 1.02
Vapor Pressure: N/A
Odor: Liquid Mild Odor
Solubility in Water: Soluble
Boiling Point: 98 Deg C.
Physical State: Lotion/Cream
Vapor Density [Air = 1] > 1

SECTION 3: FIRE AND EXPLOSION HAZARD DATA

Flash Point (Closed Cup F): 199 Deg F
NFPA Flammability Code: 0
Extinguishing Media: Water CO2 Dry Chemical Foam Water Fog
Special Fire Fighting Procedures: Cool fire exposed containers with water.

SECTION 4: REACTIVITY DATA

Stability: Presents no significant reactivity hazard, not pyrophoric nor reactive with water.
Incompatibility (Materials to avoid): Avoid strong oxidizers.
Hazardous Combustion or Decomposition Products: Burning liberates CO, CO2 and smoke. Does not form explosive mixtures with organic materials. Does not undergo explosive decomposition and is shock stable. It is not an oxygen donor.
Hazardous Polymerization: Will not undergo spontaneous exothermic polymerization.
NFPA Reactivity Code: 0

SECTION 5: SPILL OR LEAKAGE PROCEDURES

Cleanup of spills or accidental release of material: Flush with water or soak up with suitable absorbent. Contaminated Area may be slippery.
Waste Disposal Methods: Incineration or sanitary landfill in accordance with local, State and Federal regulations and consistent with good ecological practices.

SECTION 6: SPECIAL PROTECTION INFORMATION

Respiratory: Use NIOSH/MSHA Approved Respirator if TLV is exceeded
Ventilation: General Mechanical
Protective Gloves: Volatile Resistant if skin contact is anticipated
Eye Protection: Splash proof goggles if handling methods warrant them.
Other Protective Equipment:

SECTION 7: EMERGENCY AND FIRST AID PROCEDURES

Eye (contact): In the event of accidental contact with eyes, irrigate copious amounts of water; if irritation persists obtain medical advice.
Skin (contact): Remove contaminated clothing. Flush exposed area with copious amounts mild soap and water. Material may remove some of the natural oils in the skin. If irritation persists obtain medical advice.
Ingestion: In the event of accidental ingestion rinse the mouth with water. Give up to one tumbler (half pint) of milk or water. Obtain medical advice immediately.

SECTION 8: EXPOSURE DATA

Primary route of exposure: The approximated vapor pressure of the mixture is NOT sufficiently high enough to be a significant route of exposure.

OSHA PEL: Not Determined

ACGIH TLV: Not Determined

Material is not found on any known list of carcinogen such as NTP, IARC or by OSHA nor does it contain any carcinogens found in these lists.

SECTION 9: HEALTH HAZARDS

The identity of the individual components of this mixture is proprietary information and is regarded to be a **TRADE SECRET**. In accordance with 29 CFR 1910.1200 we have to assume that the mixture presents the same health hazards as the individual components when they are present at greater than 10% concentration.

Listed below are the health hazards for all of the materials present of 10% concentration and that undiluted have health hazards associated with them. Please note that not all the components of the mixture have health hazards associated with them. In the event of a medical emergency the identity of all the components will be divulged to a qualified health professional.

The following effects we concluded as a result of animal laboratory testing on one or more of the individual components. The relevancy to the mixture or to humans is unknown. Excessive exposure may cause similar effects.

REPEATED DAILY DOSES ORALLY & DERMALLY CAUSED DAMAGE TO NERVOUS SYSTEM.

TOXIC, PROLONGED SKIN CONTACT MAY CAUSE HEALTH EFFECTS.

REPEATED DAILY ORAL DOSING OF LARGE AMOUNTS CAUSED LIVER DAMAGE.

REPEATED DAILY ORAL DOSING OF LARGE AMOUNTS CAUSED KIDNEY DAMAGE.

SKIN CONTACT AT FULL STRENGTH MAY CAUSE IRRITATION AND ALSO BE AN EYE IRRITANT.

REPEATED ORAL DOSING INCREASED OCULAR TENSION.

REPEATED DAILY APPLICATION TO SKIN CAUSED REPRODUCTIVE EFFECTS.

The following effects were concluded as a result of human testing and observation of one or more of the individual components.

LIQUID MAY BE IRRITATING TO SKIN AND EYES.

BREATHING HIGH CONCENTRATION OF VAPOR MAY CAUSE ANESTHETIC EFFETS.

MAY CAUSE DERMATITIS AFTER SKIN CONTACT IN SUNLIGHT.

REPEATED CONTACT MAY CUASE ALLERGIC DERMATITIS.
